

JESS WILLARD IS NEW CHAMPION

PUTS JOHNSON OUT IN THE TWENTY-SIXTH WITH TERRIFIC BLOW

Ringside, April 5.—Jess Willard, the Kansas cowboy, is the new heavyweight champion pugilist of the world. He knocked out Jack Johnson, the black champion in the twenty-sixth round of their championship bout here today with a fierce right swing to the jaw.

It was Johnson's fight all the way until the twenty-second round when his vitality left him because of his pace which he carried throughout the early rounds.

Then the giant plainsman opened his heaviest attack and in the next few rounds carried the fight away from the black man and toppled him over with rights and lefts to the body and blows to the face. Seventeen thousand persons saw the combat and when Johnson crumpled upon the floor from a fierce right swing to the jaw the crowd burst into the ring.

Johnson took the referee's count while laying on the ropes but the moment after Referee Welch had given the decision the former champion got to his feet in time to escape the wild rush of excited spectators.

THE FIGHT BY ROUNDS

FIRST ROUND

Johnson fainted and landed with left on Willard's jaw. Repeated attempts with right to Willard's jaw.

The latter was very nervous. Johnson was laughing. Willard drove two lefts to the negro's body. Johnson drove a right to Willard's body.

SECOND ROUND

Johnson easily blocked Willard's leads, feinting him out of position and scoring right and left to jaw. Willard replied with a thrashing right to the negro's body.

Johnson then hooked a left to the stomach. Johnson then landed three lefts to the body. Willard laughed. Johnson then drove Willard to the ropes with a tattoo of lefts to the face.

THIRD ROUND

After much feinting Willard missed a right swing and both laughed. Johnson rushed and scored a left on the body and a right to the jaw.

Johnson landed left on the body. Willard asked "Is that the way you do it?"

FOURTH ROUND

Willard laughed ineffectually. Johnson laughed at his clumsy efforts. There was much feinting.

Johnson landed a left to the ribs and swung his right and left to the body and his left to Willard's face. Willard's lip was bleeding. Willard scored a left to Johnson's nose.

FIFTH ROUND

Johnson poked a light left and right to Jess' face. The referee ordered the fighters to break from a clinch. The negro smashed a hard one to Willard's ribs and drove three blows to the cowboy's stomach.

The champion rushed Willard to the ropes, scoring punches to the head and to the body. Willard was badly distressed. The challenger was rattled and boxed like an amateur.

SIXTH ROUND

The negro started the opening of this round. He beat Willard to the ropes with a fusillade of lefts. On the break Johnson landed a smash to the giant's jaw.

The negro rubbed Willard's cut lip at every opportunity. The negro landed three smashing blows to Willard's unprotected body at the bell. Johnson was hammering hard at Willard's body. The cowboy's left cheek was cut.

SEVENTH ROUND

Johnson was using every artifice to force the fighting. He rushed Willard to the ropes slugging with both hands repeatedly.

Willard's long left temporarily blinded the negro's left eye. Johnson came back with a series of swings to Willard's body. It has been a very clean fight so far.

EIGHTH ROUND

Willard was gaining confidence and tried his hand at forcing the pace. Johnson accepted his challenge. The pugilists battered each other across the ring, the negro having the better of it.

Willard landed on Johnson's mouth. Then Johnson appeared Willard over the heart. Willard bounced off the ropes and landed a left to the jaw. The round ended with the negro swinging blows to Willard's head.

NINTH ROUND

Willard assumed the aggressive. Johnson started one of the cowboy's ears bleeding. The champion landed frequently, but his blows appeared to lack their old time punch. Amidst feinting the crowd shouted "kill the black bear."

Johnson immediately started a rally, by driving three hard hooks to Willard's stomach. A left by Willard started the negro's mouth bleeding. The latter slugged the white man to the ropes.

TENTH ROUND

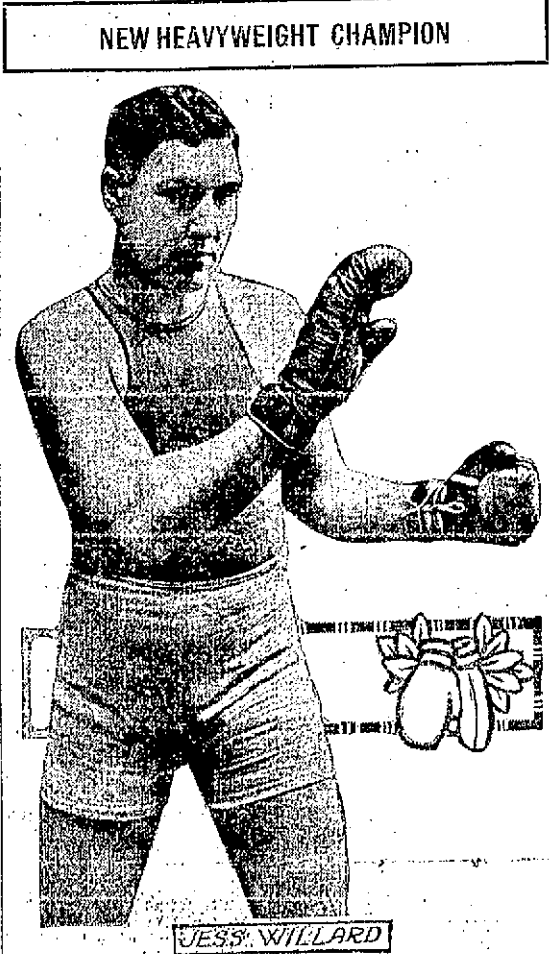

Johnson was slow in coming from his corner. Willard scored two lefts on the face. Willard was blocking better as his nervousness wore off.

Johnson swung a left to Willard's ribs and sent half a dozen blows to Willard's body and jaw.

The negro knocked Jess to the ropes with a right and left to the stomach. A hard right chop staggered Willard.

ELEVENTH ROUND

The crowd derided Johnson who was fighting and answering their salutes at the same time. Willard

ENGLAND AND RUSSIA 'HORSE FOR POSITION'

Berlin, April 5.—(Wireless to Sayville, N. Y.)—Included in the reports given out today by the Over Seas News agency is the following:

"Dispatches received in Berlin from Constantinople say there has been no change in the Dardanelles situation.

"The Russian fleet, after its operations before the Bosphorus undertook March 30 a further attack on Eregli, a Black Sea port in Asia Minor. A total of 2,000 shots were fired. There were no casualties and coal is coming from Eregli as usual.

"A message received from here from Athens estimates at 30,000, the number of Anglo-French troops which have been landed on the island of Lemnos near the entrance to the Dardanelles.

"An article appearing in the Tanin of Constantinople expresses the idea that insomuch as the English will not be able to reach Constantinople before the Russians get there, the former intend to occupy the islands at the entrance to the Dardanelles position from which it would be possible to check mate Russia in the future.

TURKEY SAID TO BE LOOKING FOR PEACE

Roma, April 4.—(via Paris April 5).—In spite of various official denials by some of the belligerent nations that preliminary steps have been taken to conclude peace, especially by Austria and Turkey without consulting Germany, the report that David Pasha, Turkish minister of finance, who is now in Switzerland, is on a mission of peace, finds credence here.

It is pointed out that David Pasha was one of the first Turkish envoys to undertake at Ony, Switzerland, the conclusion of an Italo Turkish peace and that he conducted his preliminary negotiations by round-about methods through neutral diplomats. While he has denied emphatically that he is at present engaged in a similar mission, it is considered here that the denial should not be taken too seriously because he scarcely could admit at this time that his government seeks a cessation of hostilities.

EITEL STILL AT HER DOCK

Newport News, April 5.—Rear Admiral Beatty, commanding the Norfolk navy yard, boarded the Prinz Eitel Friedrich at noon today to confer with Commander Thierichsen and soon afterwards two commercial tugs arrived at the Eitel's stern, received orders and tied up at nearby pier.

GERMAN SUBS GET TWO MORE BRITISH SHIPS

London, April 5.—The Glasgow steamer Olive and the Russian bark Hermes were sunk by a German submarine Sunday afternoon off the Isle of Wight.

The crews of the two vessels took to their boats and were rescued by a British torpedo boat destroyer.

BALKAN SITUATION AT CRITICAL POINT

London, April 5.—The roving band of Bulgars, driven out of Serbia after its sudden raid has penetrated Greece at three points according to Saloniki dispatches.

The English press sees in this episode the possibility of developments which may mean a thrust in the smoldering Balkan situation.

Advices reaching London by way of Rome, however, assert that Bulgaria has agreed to give full satisfaction to Serbia. If this is true, probably the only sequel to the episode will be to draw from Bulgaria a definite statement as to the policy she purposes to pursue.

All the Balkan nations, as well as Italy are awaiting the outcome with interest. Meanwhile Greece is massing troops along the Bulgarian frontier and Bulgarian reservists, according to advices from Saloniki, have received orders to join the colors. In the countries allied against Germany, Austria and Turkey these recent developments are blamed upon German intrigue.

The Carpathian front is the quarter in which a decision of first importance is expected soon. London seems to be confident that the Russians will break through into Hungary, but this has been predicted many times before. The Austrians are said to be throwing every available man into the fight at this point, so that a hard struggle may still be in prospect.

Three Are Killed By Burglars

New York, April 5.—Otto Zinn, a restaurant keeper and two of his employees, a porter and a cook were killed early today in Zinn's restaurant, supposedly by burglars.

Zinn and his wife, who slept over the restaurant, were awakened by a crash down stairs and the proprietor went down to investigate, when he failed to return. His wife called a policeman, who found the restaurant proprietor and two employees dead in the cellar.

COUNT ZEPPELIN SAYS POSSIBILITIES OF HIS AIRCRAFT IS NOT YET REACHED

Romanshorn, Switzerland, Friday, April 2, (via Paris April 5).—Count Zeppelin is not satisfied with the manner in which his airships are being handled. He called together one day this week his engineers and the captains of the dirigibles now at the Zeppelin works at Friedrichshafen, and criticised them on several scores.

The count said that the full power of the Zeppelins had not been employed and that longer raids than any made heretofore were possible. He also said that there was too much of a disposition to await favorable conditions instead of responding without delay to military requirements. He believed that an attack upon London and the lower Thames had been delayed unnecessarily. The count is also understood to have criticised his captains for retreating from hostile airmen.

CASUALTIES WILL REACH HUNDRED

New York, April 5.—Latest reports received here of the effects of the great storm which swept the Atlantic coast Friday and Saturday indicated that the toll of human life would reach nearly one hundred persons.

The Royal Dutch West India steamer Prinz Maurits with forty nine persons aboard, is believed to have foundered off Cape Hatteras. Not a word that would give hope that the vessel was still afloat, was received today.

Fifteen of the crew of the sea going tug Edward Luckenbach perished when the tug was wrecked off Fals Cape, Virginia.

Ten men were drowned when two coal barges broke away from the tug Cumberland and were pounded to pieces off Cape Henlopen, Delaware.

Thirteen men aboard the barge Tampico, which broke away from her tow are believed to be lost.

Dozens of barges, schooners and other craft went ashore at various points along the coast whose crews were rescued by other vessels or coast guards.

It is feared that other casualties may be reported.

MANY FOREIGNERS KILLED IN MEXICO

San Antonio, Tex., April 5.—Eleven foreigners have been assassinated recently in the City of Mexico according to Arthur Ballard Johnson, an attorney representing jointly the two thousand Americans of the city and the international committee of the capital district, who passed through here last night on his way to Washington.

The persons assassinated, according to the statement of the international committee counselled by the diplomatic corps, said Mr. Johnson, were an American, a Swede, three Ottoman and six Spaniards.

"I carry affidavits," continued Mr. Johnson, "to the following statement: 'Oregon stated at the time of the first occupation of the capital he would not recognize foreigners until foreigners recognized him, and publicly stated at the time of the second occupation that he would live to see the day when a cross would mark the place where the City of Mexico once stood.'"

U. S. NOTE IS MADE PUBLIC

Washington, April 5.—The American note to Germany on the sinking of the American sailing ship William P. Frye by the German auxiliary Prinz Eitel Friedrich, was made public here today.

It is confined principally to a recital of the legal aspects of the sinking of the Frye and in polite and diplomatic language suggests that Germany make "reparation."

George Grice, a bartender at the Ideal Cafe, is able to be about again after a week's illness.

SUPT. McCOWEN TALKS ABOUT NORMAL CREDITS

After reading District Superintendent Fullerton's communication in the Noon Extra edition of the Times today concerning Normal School Credits, County Superintendent E. O. McCowen called up J. L. Clifton, assistant superintendent of public instruction, by telephone, and asked him whether he had misunderstood his (Clifton's) statement concerning state college and normal schools credits to pupils of a county normal school. He advised him that Prof. Richeson's letter was in direct contradiction of his statement as reported in the Times last week.

According to Mr. McCowen, Mr. Clifton stated that the original article in the Times last week was correct and that pupils of county normal schools, when conducted according to the provisions of the state department, would receive credits. He told Mr. McCowen, however, that he did not want to be directly quoted until he had an opportunity to make a written

statement which will be forthcoming within the next two or three days.

Mr. McCowen, while in Columbus last week, interrogated Mr. Clifton on the particular point at issue, and upon his return to this city, authorized the statement which appeared in the Times, and which has evidently started the controversy.

Inasmuch as the state normal schools are subject to the supervision of the state department of public instruction, it would seem that Mr. Clifton's statement would carry the greatest weight. As assistant superintendent, he has absolute charge of that department of the work.

In discussing the matter Monday afternoon, Mr. McCowen said that he was at a loss to understand what has started the present controversy. Every teacher in Scioto county knows that I encourage all teachers who can go to the state normal schools, where better advantages for education are offered. But for the convenience of those teachers who can not afford the expense of attending the state normal schools, we are trying to offer a substitute course which they can afford to take. As the course of study of county normal will be as prescribed by the state department of public instruction, I am sure that the proper credits will be given those who finish the course. I expect to have Mr. Clifton's statement by Wednesday, at least, and will make it public.

Sentences Thieves

Sentence was passed by Judge Thomas in common pleas court Monday morning upon Oswald Pennington, Kendall Fields, John Anderson, and Alfred Thomas, alias Thompson, a quartet against whom several indictments were returned by the late grand jury.

Pennington was sentenced to thirty days in the Cincinnati workhouse upon his plea of guilty to the charge of larceny, he having admitted stealing chickens from the Havacotte place on the boulevard. He was recently acquitted of the charge of breaking into a railroad car, while the jury disagreed in the case in which he was charged with stealing chickens from the Mount place. At the request of the prosecuting attorney the latter indictment was nullified. John Anderson, his accomplice in the Havacotte robbery, was also given a thirty days sentence to the workhouse.

Kendall Fields and Alfred Thomas each received sentences to the Mansfield Reformatory, which are indeterminate. Fields was sentenced on the charge of breaking into the Mount chicken house, on which he was convicted by a jury, while Thomas was convicted of breaking into an N. & W. freight car.

All four of the prisoners have been in the county jail for almost four months, awaiting trial.

Fees Are Allowed

Allowance of receiver's and attorney's fees in the matter of the People's Cash Store on Gallia street, which went into receiver's hands early in January, was made by Judge Thomas in common pleas court Monday. Representing the receivers, Harry Ball and James R. Distel, the stockholders, and several of the creditors of the firm, Attorneys Millar and Micklethwait on Monday filed an application in common pleas court Monday to sell the real estate, including the two story building at Seventh and

Chillicothe streets, and the entire stock and accounts of the Hansen Furniture company at public sale. Judge Thomas has not assigned any time for the hearing which will be at an early date.

It is being persistently rumored that a new stock company will be formed to buy in the property and re-establish the business.

The Movies

"The Wood Nymphs"
Columbia Tonight

"The Wood Nymphs" is the special attraction at the Columbia tonight. This is a two reel picture featuring Ruth Stonehouse and Richard Travers of the Hesany company.

"A Study in Tramps" is another good comedy picture on tonight's program. It is a Vitagraph with such good entertainers as Constance Talmadge and Billy Quirk.

Remember Pathe's Weekly is shown at the Columbia every Monday as an extra attraction and this week many pictures of general interest are presented.

Tomorrow "The Life of Abraham Lincoln" is ably presented by a strong company of Edison players and in addition to this two-reel feature, another of those interesting railroad pictures of the "Hazards of Helen" series will be shown.

Don't forget the World's greatest picture on Wednesday and Thursday, when "Cabiria" that wonderful Italian production will be shown.

On account of the size of this picture, only two shows will be given each day as follows: Matinees at 2:00 and evenings at 8:00. All seats will be reserved for this picture, the sale for the first day opening this morning and the sale for the second day will open on Wednesday morning.

This is the only picture that played for \$2.00 per seat, where in New York last summer it played for two months at the Knickerbocker theatre at prices ranging from 50 cents to \$2.00.

Our price for this mammoth attraction is only 25 cents.

"Stop Thief" At Lyric Tonight
"Stop Thief", founded on the Cohen and Harris farce of that name will be seen at the Lyric theatre tonight. Most of the members of the original stage cast, which included Mary Ryan, Harry Metayer Harold Howard, Albert Tavernier William Boyd and Marguerite Boyd, are featured in this picture also.

"Stop Thief" is a screaming farce and has been filmed in five parts. There is snap and action from title to tail-piece, with a laugh in every foot. It was considered one of the funniest comedies on the American stage and in film has proven itself a genuine laugh-provoker of the merriest kind.

It's a story of two self-confessed kleptomaniacs—two real crooks—and a double wedding. You never saw a better balanced cast or a better told funny story in your life. There are five thousand feet of it and it's just a chuckle and a roar all the way through. Three evening shows at 6:30, 8:00 and 9:30. The admission will be 10 cents.

Mr. and Mrs. Edward Ferguson and two friends of Ironton motored to the village Sunday in Ferguson's Buick touring car and spent East with Mr. and Mrs. John Diekmann of Gallia pike.

Mrs. F. E. Cooper has been confined to her home on East Rhodes avenue for several days.

The stork paid a visit to the home of Mr. and Mrs. Everett Gable of the Burcham flats on Gallia pike early Monday and left an 8 pound son. The proud father is a boilermaker at the Whittaker-Glessner steel plant. The new arrival looks just like his "Dad."

Mayor J. S. Davis stated Monday that he would start work on his new brick business block on Ohio avenue in a short time. He has changed the plans of the new building and will convert his present brick building occupied with his grocery into a moving picture house. The tearing out of several partitions and the laying of a concrete floor will put the present store room in fine shape.

"To put these Democratic and Republican mayoralty candidates pulses back to normal you can say that I am not after the job this election," said Mayor J. S. Davis Monday.

ADVANCE SALE STARTS NICELY FOR "CABIRIA"

The sale of reserved seats for "Cabiria" which will appear at the Columbia theatre, Wednesday and Thursday of this week, started off with a rush Monday morning, and there is but little question but the great feature, one of the most stupendous ever shown on canvas, will play to capacity houses. Manager Tynes gave the theatregoers of this city a great treat in "The Spoilers," but "Cabiria" promises to excel even that great production. It requires more than fourteen solid months in preparing this production, all the work being done in Italy. The monetary outlay was more than a quarter million dollars. Seven thousand people

were used in the production, thousands of horses and hundreds of elephants. "Cabiria" showed seven months on Broadway, New York City, and five months in Chicago.

In the big display advertisement concerning "Cabiria," carried in Saturday's Times, the statement was made that the reserved seat sale would open on Wednesday. This was a mistake. The sale opened Monday and as stated the rush was a crush. Any person desiring to see "Cabiria" can purchase seats in advance up until the day of the show. Two shows daily, matinee 2 p. m. Night show 8 o'clock. Admission 25 cents.

well as her quaint and elfin beauty, have proved her right to the laurels thrown at her twinkling feet alike by kings and peasants, is today so universally known that further heralding is unnecessary. Many of the dances which have helped to win her fame and fortune are presented in the photograph.

"Her Triumph" deals with the victory of good over evil. Mile. Deslys portrays the character of the poor little understudy to the famous Mme. Simone, a favorite of the theatre, who wins the love of the leading man, at the same time incurring the hatred and jealousy of the star. The latter refuses to play her part in one of the performances, and Mile. Deslys, given the opportunity she has so long striven and waited for, her success is sudden and amazing. Overnight the poor little understudy finds herself the sensation of the city. This success adds to the increasing hatred of Mme. Simone, who makes many efforts to ruin Gaby's career. She does not even stop at an attempt of murder. The bullet strikes the leading man. Many thrilling incidents follow rapidly throughout the action of the story. How the overnight star overcomes all the difficulties; how she triumphs over the jealous Mme. Simone and how love brings final happiness to the new star are all brought forth most effectively in the development of the plot.

Mile. Deslys' name is known from coast to coast, and in both hemispheres, but her appearance in motion pictures will undoubtedly place her before millions to whom her name was before represented only by the printed and spoken word. She will also astonish many who have never suspected her ability as an actress. Her characterization is the most versatile seen on the screen in months.

The feature is bound to attract attention for a long time.

At The Exhibit

Two reels of "Runaway June" are the headlines at The Exhibit today. In addition "An Innocent Burglar," a good comedy is shown. For good all around five-cent shows Manager Law is showing some of the best in the state. He always has a big program, good pictures and plenty of excellent music. Nothing more could be asked for the price.

Wednesday's bill will feature "The Craven," a two reeler.

So At The Temple Theatre

"The Grudge" Here is your chance to bury your past mistakes. Forget 'em. Gab up your kiddies for here's your opportunity to see this great, thrilling Broncho. A mysterious thrill is supplied in every scene. It leaves you gasping, and the love story is thrilling and fascinating. It also leaves that funny feeling creeping up your spine like soda water bubbles, deking your nose. The third reel is a beauty, entitled, "The Constable's Daughter," a country comedy. The fourth reel is an American drama entitled "A Heart of Gold," featuring Vivian Rich and Jack Richardson. Of course you needn't miss your beans. It's just one of these big thrilling programs at the Temple Theatre tonight.

THEATRICAL

The Sun
Tonight and all week The Go-Ahead Girls' Musical Comedy company, presenting for the first half "The Red Widow," assisted by the prize beauty chorus and funny comedians. Change of bill Thursday. The following is from the Fairmount, W. Va., Herald:
"True to promise, the 'Go-Ahead' girls at the Auditorium this week are giving the patrons of this popular family theatre 'some' show for their money. As put on yesterday for the first time, it was a clean, moral entertainment, filled with class, song numbers, fast comedy and delightful dancing and chorus ensembles. The Auditorium has evidently struck a new stride in the musical tabloid line and each week seems to produce shows better than the past. The 'Go-Ahead' girls have the speed and the ability sufficient to go ahead for many months to come, judging from their first offering."

The comedy work is especially strong, this aggregation having a pair of fun-makers who produce the greatest number of laughs possible without the least vulgarity. The chorus is large and splendidly costumed and several of the members have voices far better than the ordinary.

Friday night will be regular country store night.

BAKER'S

Jury Is Selected And Trial Starts In The Henkle Case

In the presence of a crowded court room, the trial of W. H. Henkle, 20-year-old white man, charged with rape upon Mrs. Mollie Barker, near Haverhill, two weeks ago last Saturday afternoon, was opened before Judge Thomas and jury in common pleas court this afternoon at 1 o'clock.

Little more than an hour was consumed in the selection of a jury, but three talesmen being called in addition to regular venire summoned last week. The court room was taxed to capacity when Henkle was brought in by Sheriff Smith.

Mrs. Barker, the alleged victim, was the first witness called by the state. She repeated the story of the alleged crime, as told in the Times on the Monday following, which was, in substance that she was attacked and grossly mistreated by Henkle along the N. & W. railroad tracks shortly after

she had alighted from an afternoon N. & W. passenger train at Haverhill. Under the questioning of Prosecuting Attorney Micklethwait she related how Henkle accosted her, beat her several times about the head and face, and then pulled her over the embankment into the bed of a small creek, where he accomplished his deed.

The torn and muddy clothing she wore on the day of the alleged crime was offered as evidence to the state and exhibited to jury. The witness also told of Henkle having threatened to shoot her if she made an outcry. Her story did not differ on a single essential point from that told the Times after the alleged crime.

Cross-examination of Mrs. Barker by Henkle's attorney, N. B. Gilliland, was started just at the

hour of going to press. Her original story had not been shaken up until this time.

One witness for the defense who arrived in this city Sunday afternoon is a woman from Ft. Gay, W. Va., giving the name of Mrs. Sarah Barker. She claims to have married the husband of the victim in West Virginia 17 years ago, and her testimony will be awaited with interest.

Attorney N. B. Gilliland has been very busy during the past few days preparing his defense, and announced Monday that he would have some surprises to offer before the trial is concluded.

The twelve men who compose the jury are Philip Lust, George Dorman, Geo. Hayes, G. W. Milam, Oscar Roark, Albert J. Freytag, Robt. Lauer, Geo. W. Gillen, Frank Keller, James P. Brennan, John Wahrheit and Charles Helt.

Heat that reduces living costs!

The struggles of many a man through life seem like a journey through a howling wilderness of bills which mount so high that he can hardly see the blue sky of living economy. But one of the strangest, reckless habits of running up domestic expense is the way that many people still cling to old-fashioned heating ways which greedily eat up coal and send the heat a-flying up the chimney, rather than distributing it evenly to the rooms to comfort the folks. The only way to get out of that wilderness of self-imposed taxation, and to stay out forever, is by putting in an outfit of coal-economizing

"Our ideal heating will lead you out of the wilderness of high fuel costs."

AMERICAN & IDEAL RADIATORS & BOILERS

Big Builders and Real Estate men will tell you that the first question asked in buying or renting is: "How is it heated?" This is because heating is now recognized as most important. IDEAL Boilers and AMERICAN Radiators put new life into old buildings and add a permanent extra selling value to any property, new or old.

IDEAL Boilers and AMERICAN Radiators change any house into a home.

Ever heard of any purchaser of these ideal heating outfits not getting back the full price paid for them when offering his property for sale, or not obtaining 10% to 15% larger rental? Ever heard of a banker who would not promptly loan a larger amount on property thus modernized?

IDEAL Boilers and AMERICAN Radiators are rapidly supplanting all other methods of heating among thinking people who want to save money, and sanitariously heat their home or other building from top to bottom—automatically regulated to produce day and night the exact volume and degree of heat necessary to meet every caprice of the weather—and no fuel waste. IDEAL Boilers burn with greatest success either oil, gas, wood, coke, lignite, hard coal, soft coal—screenings, pea or nut sizes—anything that will burn will be made to yield its full volume of heat.

These outfits are absolutely tight, hence send no coal-gases or ash-dust to living rooms, thereby protecting the health as well as the furnishings. They are a permanent investment. We cordially invite the inquiry of those interested in stores, schools, churches, farms, or city houses, etc. Will gladly send booklets and helpful information without cost or obligation. Iron prices now rule the most attractive in 10 years past and at this season you get the services of the most skillful fitters. Better act now—reduce your cost of living and better the living.

Built-in, genuine Vacuum Cleaner—iron suction pipe runs to each floor. Price, \$150. We also make the ARCO WAND Vacuum Cleaner, connected by iron suction pipe to various floors of houses, flats, schools, churches, hotels, etc. Through a light-weight hose ALL the dirt, cobwebs, lint, threads, moths, etc., are drawn with lightning rapidity down the iron piping into big, sealed dust-buckets in cellar. No dragging around a clumsy, inefficient portable cleaner—instead, you have a practical outfit that is part of the building—like radiator heating. Ask for catalog—it does not obligate you to buy.

IDEAL WEATHER FOR STAGING OF BIG BOUT; BOTH FIGHTERS FIT

Havana, Cuba, April 5.—The day of the world's heavyweight championship fight between Jack Johnson and Jess Willard broke with overcast skies in Havana and a decidedly cool wind blowing in from the sea.

When the sun rose it was behind a solid bank of clouds but as the day advanced blue patches of sky appeared here and there, bringing hope of fine weather to the fighters, to the fight promoters and to the thousands of men who had journeyed to Havana to witness the big battle.

Havana has been stirred by this event more than by any other thing in recent years and dawn found the city fully awake to the unusual occurrence of the day.

The down town fight headquarters were crowded with ticket buyers and the morning saw the arrival in Havana of wealthy Cubans from all over the island. Big Smoke Worried Over Getting That \$30,000

Johnson prepared coolly to defend his title. His only indications of nervousness was over the exact moment Jack Curley and other backers of the fight would arrive at his headquarters with the \$30,000 cash named in the negro's contract as signed in Paris.

Johnson chuckled and laughed with the men about him during his preparations for the trip to the ring as he had not a care in the world. This supreme self confidence is rated as one of the champion's best assets especially against a man of nervous temperament.

Willard retired early last night and declared this morning he had had a refreshing sleep. He said he was glad the day of the fight had arrived as he had

watch every move which Johnson makes after his fight. Their actions will be governed largely by circumstances.

It was intimated that should Johnson journey outside of the three mile limit in Cuban waters or approach the shore line of the United States that he would be taken in custody and hurried before the federal court in Chicago.

START WORK ON '14 ASSESSMENT

Columbus, April 5.—Ohio's taxing machinery started active work today on the 1914 assessment. Deputy Tax assessors in all wards and townships were to go to work assessing property as of the date of yesterday.

"They will have 55 working days in which to complete the task, or until June 1, when complete reports will have to be made to the district tax assessors."

Willard was confident that he could land two or three rights on Johnson the fight soon would end. Willard said Johnson's ability as a boxer would give him opportunity to make a better showing in the early rounds of the fight, but never in his ring career had Willard felt any discomfort from any blow delivered on his body, and he did not fear Johnson's jabs.

Willard seemed very fit, indeed when he left his quarters for the park. The inflammation to his eye from the splash of chloroform liniment last night has yielded rapidly to treatment and it is not believed it will have any ill effects.

OFFICER SHOT WIFE FOR FOLLOWING HIM ON FRONT

Paris, April 5.—Captain Herail, an officer in the French cavalry, will be received by court martial Saturday for killing his wife at Compiegne because she persisted in following the army to be near him in direct violation of orders issued by the military authorities. For some time after the crime Herail was a mental and physical wreck. It was feared that he would not survive, but he recently recovered and was turned over to the military police by the hospital authorities. He will be defended by Henri Robert.

After Captain Herail was sent to the front his wife, to whom he was deeply attached, learned that he was stationed at Compiegne and followed him there.

This was at the time when the general chief issued a circular prohibiting all officers and soldiers from receiving their wives during the campaign. His superior officer remonstrated with Captain Herail and he tried to induce his wife to leave, but she continued to postpone her departure.

A second warning was given the Captain with no better result. When a third warning came he was told he would be cashiered unless Mrs. Herail left at once. This she refused to do and the cavalry officer, fearing dishonor and degradation, shot the woman he loved.

TIMES PHONES STAGGERED WITH FIGHT QUERIES

Was the public interested in the Willard-Johnson fight?

Well by the way the battery of telephones in The Times office rang from the noon hour up to the time of the knockout, you would have thought that the whole world was interested in the outcome of the championship battle.

Fight fans showed no partiality in their efforts to get the news. Olive Hill, Ky., called The Times just as readily as did Winchester, O., West Union, Waverly, Greenup,

Vanceburg, Wakefield, Piketon, Russell, Ashland and Ironton, Poltrograd and Warsaw.

It was certainly a strenuous, delirious afternoon in this office. Within three hours many hundreds of calls were answered. The Johnson admirers were in great glee when first told that their man had gained an advantage over his sturdy opponent, and the Willard admirers went into the seventh heaven of joy when the news was flashed that Johnson had been knocked out by a terrific smash to the jaw.

Kids Roll Eggs On White House Lawn

Washington, D. C., April 5.—The annual Easter egg rolling, an event looked forward to with the greatest interest by the children of the National Capitol, was held on the

spacious White House lawns today. Favored with ideal weather, thousands of youngsters and grown-ups, too, were on hand early today prepared to enjoy the pastime until the closing of the gates at dusk.

It had been feared that, owing to Saturday's snowstorm, the egg-rolling would not be held. The snow and slush vanished so rapidly before yesterday's sun and wind, however, that it finally was decided to open the White House gates to the children today.

The opening of the gates at nine o'clock found hundreds of children with baskets filled with various colored eggs, waiting to be admitted to the grounds. Under the regulations, adults were admitted only when accompanied by children. This was to prevent the crowding out of the children by the older folks.

Toledo, April 5.—Further search for bodies in the ruins of the Niagara hotel, partially destroyed by fire at an early hour Sunday morning, was discontinued at 10 o'clock Sunday night.

One person, Mrs. John L. Frye, of Adrian, Michigan, is dead. Her husband it is believed, is lost.

Firemen searching the ruins believes there are eight or ten bodies buried in the debris.

Mr. Frye, the dead woman's husband, an Adrian baker, is missing and the discovery of clothing in the same apartment is evidence enough that he is buried somewhere in the wreckage. The young couple were married last Thursday and had come to Toledo to buy furniture for their home. Total damage on the building will aggregate about \$100,000.

OUR HOME FACTORIES.

Since going into this "Buy at Home" proposition, we have been amazed ourselves at the number of articles that are manufactured right here in Portsmouth that could and should be handled by Portsmouth merchants and which would thereby add to the general prosperity. For everything made in Portsmouth that is bought in Portsmouth and sold in Portsmouth and used in Portsmouth means that much more work for our people, that much more paid out in wages and that much more money in local circulation.

Now take for instance underwear. Did you know that we were one of the big underwear manufacturers of the country? That we were making these goods here and that they were selling all over the country in competition with other lines? Yet such is the fact. The Mitchell Manufacturing Company is making summer and winter weight men's knit webbed union suits that are of special design and are as good as can be bought anywhere. Why should not Portsmouth men remember this when they come to buy underwear? They might not be suited, and again they might find just what they want. If they did find what they wanted in the home made article, it would help things along locally just that much.

In these matters the cardinal thing to bear in mind is, not that you go to buy at home regardless of whether you are suited or not, but you should give your home people a chance to suit your taste. If they have not just the precise article in stock, they can get it for you and they can, nine times out of ten, get it for you cheaper than you would have to pay elsewhere. If it is not up to standard, your home merchant is right here to back up the goods and to make good. That is not true of out of town merchants or wholesalers.

Just remember that our interests here in Portsmouth are bound together. The more we stand together in everything, the less we let little jealousies and bickerings stand in our way, the faster will Portsmouth grow and the greater and more prosperous city will she become.

ANOTHER IDOL SHATTERED.

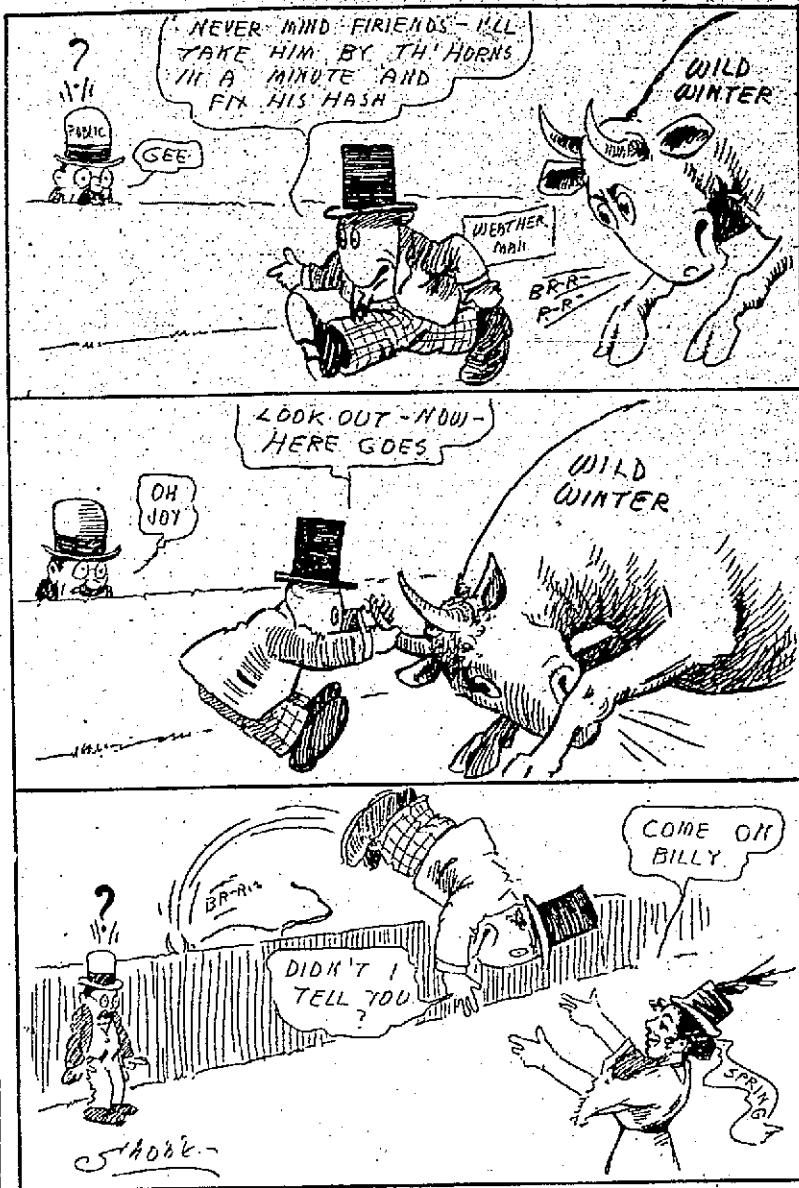

Reading in the Picketon Republican of the jubilation that existed in the breast of the Hon. "Sandy" Bateman because of his appointment as tax assessor for Pike county, we are reminded of the last time we had occasion to hold conversation with the distinguished gentleman from Pike. It was on the occasion of the visit of Hon. James M. Cox to Picketon during the campaign last fall and we helped to pass away a portion of the time we were awaiting the arrival of the Governor by listening to some of the latest stories that had been collected by "Sandy." And we remember how between stories "Sandy" would let out a roar or two of wrath about the iniquitous Warnes law. He thought it was about the meanest, pisenest, ornariest sort of a law that was ever inflicted upon a free people and he insistently declared that Jim Cox ought not to get the vote of a single voter of liberty because of said despicable law. Why "Sandy" was so stout in his denunciation of the law that he even made us believe for a moment that maybe we had been robbed of a few precious rights while we slept.

And now to think that the Warnes law still lives and that "Sandy" is its chief executioner and beneficiary in Pike! How times have changed and how dear old "Sandy" must have changed with them. Why, remembering "Sandy's" outbursts last fall we imagined that he would have spurred the office and would have wanted to lick the man who dared suggest his name p. d. q. or even quicker. How our idols are shattered! Every day we find clay feet where we had expected to find 18 carat gold or 16 to 1 silver at the least.

Sandy, Sandy, what has come over the spirit of your dreams? The Waverly Republican Herald, edited by Mr. Lloyd Gehres, has issued a 32 page booster edition of Waverly and Pike county that is most creditable in every way to the paper and the community. It represents a world of labor and we hope that Pike countians fully appreciate not only the finished product but also the enterprise and energy that made it possible.

We feel sure that if Kaiser Wilhelm ever heard of County Commissioner Dan Egbert's success in blockading Portsmouth he would send a hurry call for him to come over and take charge of the blockade of England.

RIGHT INTO THE ARMS OF SPRING.

FIVE-DOLLAR COMMENCEMENT GOWNS.

(Youngstown Telegram.)

Girls of the graduating class of the Ashtabula high school have unanimously decided to limit the cost of their commencement gowns to \$5. The girls decided to do this mind you, not the teachers nor the superintendent, and they decided unanimously.

Somehow this has the real ring of true American young womanhood. It is quite likely most of them could afford gowns which would cost much more, but what's the use? Five dollars' worth of dressing is quite enough when white goods of American manufacture is at its present cost and it is only used to accentuate what is already beautiful and there is nothing on earth more attractive than budding womanhood with sparkling eyes and thoughts for those who cannot afford to go a foolish pace in the matter of dress which at its best is only a setting for the world's fairest jewels.

The only thing that worries us is we fear that if Tibet ever gets drawn into the European conflict, our eminent colleague in the advancement of knowledge in reference to that country, Senator Trempier might feel inclined to try a shot at us on the sly some dark night while we are on picket duty.

Of course we do not know what Chairman Doc Young said to Senator Trempier about that there tax deputyship, but really now we imagine that a man could say a good deal after traveling One Hundred miles on an empty stomach and getting up at three o'clock in the morning.

A friend suggests that instead of alluding to the local Republican gang as the G. O. P. organization, we should hereafter call it the G. P. O. G. Got Put Out Gang. Do you get it?

One of the lovely things about having no political ambition yourself is that you can sit in the reserved seat section and enjoy the other fellow's fall downs so very much.

BRAKEMAN KILLED

The Huntington Herald-Dispatch says:

"While speeding, the Ford touring car which Harvey H. Hendricks, a Ceredo brakeman, was

driving at a point one hundred yards west of the Vinton home in Westmoreland, skidded suddenly Saturday night about eight o'clock turned twice on its side, then landed on the front end and bounced a complete somersault, killing the driver instantly and wrecking the machine beyond repair. The accident was believed to be due to the soft road bed, which has just recently been repaired. Hendricks is a well known Norfolk & Western railroad man and has lived in Ceredo for the past fifteen years. He was

thirty-five years old. Hendricks was employed as a brakeman in the Kenova yards and was well known in local N. & W. circles.

SOME COLUMBUS GOSSIP.

Columbus, O., April 5.—If there was anything else in the mind of Governor Willis other than to make spoils of the taxing system it has not been made apparent. Not only has he removed men who had the experience of a successful operation of the Warnes law, but he removed men who had been chosen after months of investigation to find the best possible servants; and what is of worse consequence he has filled the vacancies with men chosen over night, without consideration of qualification or examination of character. Luck has been with the governor or with the people in some cases and Republicans have been chosen who are worthy and who will give good account of themselves, but in a majority of cases men have been chosen because they were satisfactory to Peter Durr, the Cincinnati dealer, or those who fought the former governor in his own party. In Franklin county the appointment went to a man who was pleasing because he had attended school at Ada, a thing that the regulars in Colum-

bus had neglected because they had a university at home. In another county he named a good young scout who has always held some appointive job that did not require much work, but whose principal qualification is ability to blow foam consistently from six o'clock in the morning until "closing time" at night. In still another county both his appointees are jokes, one a book-maker and the other a lawyer without a case, and already the business people of the county are protesting and asking the Democratic auditor to lend his assistance in getting a duplicate. Down in Hamilton county John Washburn is a comeback, and he, it will be remembered, was one of the paving commissioners who worked so satisfactorily for George B. Cox, and of course is aligned with the old Cox-Guilbert-McKinnon crowd, of whom J. H. McGiffert on the state commission is the leading representative, ably seconded by Edward Fullington. For pure machine construction the twenty-four hour job of Willis-Durr and Co. stands above all records.

THE ENVIOUS ROBIN

One day up in a cherry tree a sulky Robin sat, And tucked his little head beneath his wing. Said he, "I am discouraged, it is no use to try, I'm sure nobody cares to hear me sing."

The reason that he felt that way was that the night before He'd heard a Nightingale up in a tree, And just because the Nightingale had sung so very well, The Robin was as envious as could be.

Said he, "If I can't sing like that, I will not sing at all," And so he sat and sulked all morning long. Then all at once he heard a voice that said to him, "I wish You would be kind enough to sing one song."

It was a little boy who leaned upon a window sill Close to the sulky Robin's cherry tree. Said he, "I'm trying to get well, and I am very sure I'd do it faster if you sang to me."

The sulky Robin only said, "You don't mean that, I know; The Nightingale sings very much the best." "Oh, no," the little boy replied, "you're such a cheerful bird, I'd rather hear you sing than all the rest."

And so the sulky Robin said, "All right, I'll sing for you," And started in upon his cherry note; Then when he saw how very much it pleased the boy, he sang Until he very nearly split his throat.

When he was through the little boy said, "Thank you, Robin dear." The Robin said, "You're welcome, little man, And after this I never will be envious at all, And I will always sing the very best I can."

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry. Avoid Exposure and Eat Less Meat.

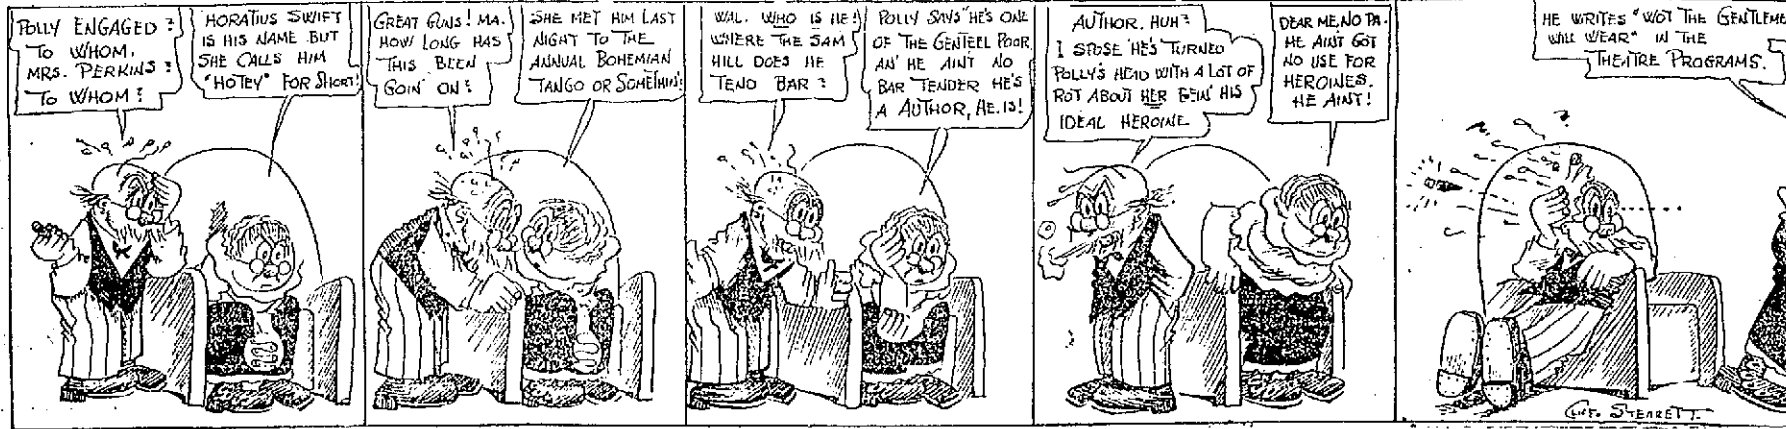

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold-weather the skin pores are closed, thus forcing the uric acid to do double work, and to become weak and sluggish and fail to become this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts, put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the purest of grapes and lemon juice combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

WILLARD IS GIVEN GREAT OVATION BY 15,000 SPECTATORS

Ring Side, Oriental Park, Havana, Cuba, April 5.—The sun broke through a darkly overcast sky as the crowds began to arrive at the scene of the world's heavyweight championship fight between Jack Johnson, of Texas, and Jess Willard, of Kansas.

The setting for the battle was picturesque. A ring had been erected directly on the race track in front of the big steel grand stand which furnished the principal seating facilities. In front of the grand stand the long slope leading to the track was covered with seats like those of a circus. About the ring boxes were arranged down on the flat track and more circus seats were in the field. Ring side box seats sold for \$25, slope seats cost \$20 while \$15 was paid for the grand stand seats. From \$15 the prices of other seats fell to \$3 for general admission; but in addition to the fight prices all spectators were required to pay \$1 for the privilege of witnessing the racing at the conclusion of the fight.

The ring for the historic battle was 18 feet inside the ropes. The platform measured 22 feet. It was a sturdy construction, being strongly braced beneath to withstand the weight of the pugilists, Willard being probably the largest man who ever entered the prize ring for a championship fight. Battery of Moving Picture Machines Get Focus

From two platforms moving picture machines were focused on the ring, five machines comprising the battery, three to be used regularly and two to be held in reserve.

There was great excitement about 11 o'clock when it was discovered that no one had thought about the bell to be rung at the starting and stopping of the rounds. Two messengers were dispatched on the journey to Havana to purchase a gong.

Cuban troops began to reach the race track at half past ten o'clock and several companies of infantry and two troops of khaki clad cavalry being then on the scene.

The race course where the fight was held is surrounded with green hills, some of which are topped with towering palms. The fight management, seeing the possibility of moving picture ma-

chines, equipped with telescopic lenses, operating from the hills, had guards stationed at all the vantage points overlooking the fight arena.

At 11 o'clock the sun and clouds were still fighting for supremacy. In the sky several very dark cloud banks were hanging over the sea and offering a menace of rain.

Mayor of Havana An Early Arrival

The first notables to reach the ring side seats were the mayor of Havana, and the speaker of the Cuban house of representatives. Matt Hinkle, of Cleveland, the alternate referee of the big fight, came in a few minutes after the mayor and at once began to help with the final arrangements. By this time a number of soldiers had taken up their position around the ring enclosure. As a matter of fact soldiers at this hour seemed to constitute half of the crowd.

There was a liberal percentage of women among the spectators. Most of them had box seats and many of them were Americans.

Betting Machines Liberally Patronized

No big betting was reported at the ring side but the betting machines were quite liberally patronized in amounts from two to ten dollars, the players picking the winner and the round. Before the ring was completed the big gong had arrived and was placed in position.

Bob Vernon, official stakeholder, and timer for the fight, took his place at the ringside at noon. Otto Floto, timer for Willard, and Sam Bennett, timer for Johnson, sat on either side of Vernon.

President of Cuba Has Seat At Ringside

President Menocal, of Cuba, arrived a few minutes after noon and took a seat in a box in front of the grand stand about 100 feet from the ring. He was preceded by the commanding officer of the Cuban army and the Cuban navy.

Johnson arrived at the race track at 12:25 but did not appear until later. His wife came to the ringside accompanied by Tom Flanagan, who has been acting for Johnson.

At half past twelve Announcer Jim Mace exhibited Johnson's receipts for \$29,000, the balance due him on the purse and the meaning of which papers was explained to

the crowd in Spanish and English.

The attendance is estimated at about 15,000. Only a few of the twenty dollar seats were still vacant.

At 1:49 New York time, Johnson made his appearance, being applauded by the enthusiastic Cubans. One minute later he crawled through the ropes clad in a gray bath robe and wearing his usual golden smile.

The negro's first move was to ascertain where his wife was located.

Four minutes later, prolonged yelling and cheering announced the appearance of Willard.

Crowd Goes Wild

When Willard Appeared

The crowd went wild over the young light giant, screaming and handclapping as he crawled through the ropes.

Willard wore a heavy red sweater, blue trousers and black slippers.

In the challengers' corner were the following: Tom Jones, Willard's manager, Tex O'Rourke, Jim Savage and Walter Monahan.

Johnson, seconded by Tom Flanagan, George Munroe, Sam McVey, Dave Mills, Bob Armstrong and Coleman Bell.

The two pugilists shook hands for the movies.

The ring gradually cleared of all except referees Jack Welsh, seconds and principals.

Johnson objected to a woman spectator in the press ringside stand and she retired to an adjacent box. The negro, stripping his bathrobe, was clad in a bright blue trunk and no belt.

Willard wore dark blue trunk and an American flag as a belt. The seconds from both quarters carefully inspected the adjustment of gloves of both the fighters.

Both pugilists weighed in on the

scales in the ring. Willard's weight was 238; Johnson 225.

The negro appeared considerably heavier.

At 1:28 the ring was ordered cleared.

The pugilists then shook hands. Time was called at 1:53 p. m. New York time.

No Duck Shooting

Until the supreme court of the United States passes upon the constitutionality of the migratory bird law there will be no spring duck shooting in this vicinity, according to a statement made Monday by Deputy Game Warden Judge Harry Ball.

Arkansas and Kansas declared the law unconstitutional and the United States court of North Dakota declared it constitutional and now the matter goes to the United States Supreme court, said Judge Ball Monday.

"I will be compelled to report to the proper authorities all persons shooting ducks this spring until this matter is finally passed upon. I will confer with State Game Warden J. C. Sparks of Columbus while in that city about the new turn of affairs."

Prisoner Recognized

Chief W. T. McCarty received a picture and description from the Huntington authorities Monday of one William Gibson which he recognized as those of the man he took to the Cincinnati workhouse Saturday under the name of Wilber Ward. He is the fellow who escaped down a fire escape during a raid on the Biggs house last Tuesday night. Gibson is wanted for alleged forgery and served 18 months in jail at Huntington during 1911 for alleged grand larceny. The Huntington authorities will be advised of the man's present whereabouts.

Plumbing Receipts

Arthur Hinton, city plumbing inspector, made his monthly settlement with the city Monday turning over \$78.50 receipts collected during March. He made a total of 165 inspections investigated 31 complaints and examined 21 specifications.

A fine little daughter arrived early Sunday morning in the home of Mr. and Mrs. John T. Walters, who reside at 1641 O'Brien street. Mr. Walters is a member of the Walters Plumbing company and is now the proud father of three daughters and one son.

The home of Mr. and Mrs. Henry Comer of Dover Valley, near South Webster, was brightened Saturday by the arrival of a nine pound son. The father is a farmer.

A ten pound son arrived at the home of Mr. and Mrs. William Emory of Lynn Sunday.

Gave a left to the negro's mouth and took a right hook in return.

Johnson smashed the cowboy with a left to the jaw. Jess blocked several swings. Johnson then tried to rattle Willard by talking. The latter angrily replied in kind.

Johnson tapped the giant's shoulder at the end of a slow round.

TWELFTH ROUND

The negro opened with a left to the body and a right to the jaw. In a clinch he smashed Willard three times with his left. His blows apparently had no effect on Willard.

Johnson drove Willard to a corner with a swing to the head. Willard's ear and cheek were bleeding. He walked spryly to his corner at the bell.

THIRTEENTH ROUND

Willard's body now was red from the effects of the punishment. The negro ducking under his opponent's lead continued to play for the stomach. Jess drove Johnson into a corner and landed straight lefts to Johnson's face.

The negro jarred Willard with a left hook to the jaw in return. He next hooked his left to the white man's body, repeating this blow a minute later. The champion landed right and left to the head as the bell rang.

FOURTEENTH ROUND

The round opened with Willard rushing and missing a right uppercut. The challenger was the aggressor and tried to force the fighting. Johnson slammed Willard on the mouth with a left. Jess only laughed.

The negro was beginning to miss his leads. Willard drove a hard right to Johnson's ear. The negro smashed hard left to the body at the bell.

FIFTEENTH ROUND

The crowd kidded Johnson who rushed Willard to the ropes and scored five hard swings, remarking: "What a grand old man."

Willard grinned at the remark and also at the blows accompanying it. The bell found the pugilists in the center of the ring.

SIXTEENTH ROUND

Johnson missed a left to the head and they clinched. The challenger blocked the negro's rush. Amid much fighting the black man said "Willard is a good kid" and then rushed Jess to the ropes, scoring two hard punches to the body.

The negro drove terrific swings to Willard's side. The challenger was a rifle mender in going to his corner at the end of this round.

SEVENTEENTH ROUND

Johnson hooked a left to his opponent's jaw and a right uppercut to the same place. Willard landed a right to Johnson's body and a left to the head. Willard again scored a right to the body and blocked the negro's return.

NINETEENTH ROUND

Both pugilists slowed up a bit. Willard was now the aggressor. Johnson stood in the middle of the ring and blocked Willard's blows.

During the first minute not a single hard punch landed and Johnson seemed able to divine Willard's every lead. The negro then started a rally, landing two lefts to the body and a right to the jaw.

Johnson was conserving every bit of his energy. Willard landed a left to the mouth and then repeated it. Johnson stepped around backward at the bell and dropped heavily in his chair.

Willard opened the round with two light blows to the negro's face. The latter laughed and said: "Jess, lead again old kid." Willard did and smiled also. The crowd around the ringside yelled: "Hurry up, we want to see the

aces."

Willard stubbed and pawed the air until he finally landed a swing on the negro's jaw. The negro immediately cut loose and they battled across the ring. The crowd went frantic when Willard drove a smashing right and left to the negro's body at the bell.

21ST ROUND

After a minute of posing and feinting Johnson hooked his left to Willard's body and sent a right swing to the head. Willard replied with a straight left to the negro's face.

Jack rushed but Willard protected himself well and they fell into a clinch. Johnson walked around the ring. Jess missed a right swing and they both laughed. Both were fighting for an opening at the bell.

22ND ROUND

The fight at this point had degenerated into a slow sparring and clinching battle. Neither pugilist appeared particularly tired or injured by the blows of his opponent.

Willard was setting the pace. In a clinch he battered the negro's body with slashing rights and lefts. Johnson only grinned. Willard continued working for the negro's stomach. Jack grinned at the shrieking crowd. Nervous Johnson was showing the effect of the pace.

23RD ROUND

Willard rushed into a clinch. Johnson held on until ordered to break by the referee. The giant challenger shot two hard lefts to the negro's face.

They clinched again and wrestled about the ring. Jess added two more lefts to Jack's face and clinched. Up to this point Johnson had not struck a blow in the round.

24TH ROUND

The crowd yelled to the men in the ring to fight, but instead they clinched. Willard laid his weight on Johnson at every opportunity in the clinches. Johnson pushed Willard backward in the same manner as he did Jeffries at Reno.

Johnson missed two weak swings. The crowd howled with disapproval. Willard then smashed

25th ROUND

Johnson's actions might have indicated that he thought he could not knock Jess Willard and was trying to get the decision on points at the end of the 45 rounds.

Willard shook the negro with a right to the heart. He then clipped Johnson a stinging blow on the jaw with a fast left and started forcing the pace.

THANKS To The Generous Patronage of our trade, we now possess one of the handsomest stores in the city and it is a source of satisfaction to us to know that it met with the approval and taste even of the most discriminating. We had all the compliments on the beautiful displays and careful selection of garments shown on opening night and much more on Friday night when we displayed later arrivals of the eastern markets on living models. It was surely the biggest attendance ever known in Portsmouth for an occasion of this kind. The enthusiasm being so great that the throng extended clear to the sidewalk not leaving a single inch of standing room inside of the store. We expected it and therefore arranged for the models to parade in our main window so as to give an opportunity to the outside crowd as well to glimpse at the showing. It was a big success indeed, the last model announced at 10 o'clock (an hour later than intended) and more pleasing to the audience were the prices they must have been very attractive, judging of the big volume of business done on Saturday, it was above all expectations and were it not for the extra force on the floor as well as in the altering department we could not have accommodated half of the throng of shoppers, at that there were lots of disappointments and we owe apology to good many we know, but we sincerely trust that they will all consider the impossibility on our part to turn out so many garments in one single day, and to those not well pleased with the offering of any garment as the case might be in such a rush we ask to notify us and the re-altering will be done with no extra charge. "Satisfaction" is the keynote of this establishment hence—our success. We again thank you for the co-operation and it will be our earnest endeavor to retain your good will which is above all with this courteous store.

NEW BOSTON MAN IS KILLED IN WEST VIRGINIA

Supposed To Have Been Train Victim; Body Not Mangled

 * Holidays seemed to be
 * "hoo-doo" days for Pollard.
 * It was on Decoration Day
 * 1913 that he had his right leg
 * badly mangled and broken at
 * the steel plant. Easter he
 * met his fate.
 * *****

Early Sunday morning the lifeless body of Jesse Pollard, 20, son of Mr. and Mrs. John Pollard, of New Boston, was found lying along the C. & O. tracks near St. Albans, W. Va., twelve miles west of Charleston. He had been run down and instantly killed by a C. & O. train, the early west-bound passenger train, it is thought.

News of his tragic death was conveyed to the family through a message to his brother, Curtis, also of New Boston, from Superintendent Allen of the C. & O. at Huntington, about eleven o'clock Sunday morning. Railroad employees, who discovered the body, found a book in his pocket, in the fly leaf of which was written, "Curtis Pollard, New Boston, O." which gave them their first clue to the identity of the dead man.

George Pfeiffer, the local undertaker, was notified to make arrangements for the removal of the body to his parents' home. He got into communication with an undertaker at St. Albans, who shipped the remains to Portsmouth Monday morning. The body is expected to arrive here early Monday afternoon.

Early Saturday evening young Pollard went to the home of his sister, Mrs. Florence Smith, also of New Boston, and asked her for fifty cents, saying that he wanted to go to Trenton. His sister had no change in the house and was forced to deny his request. He then left the house, saying as he went out of the door, "You will hear from me Wednesday in Huntington." That was the last seen of him alive by any of his family.

Just how the young man reached St. Albans will probably never be known. He either crossed the Ohio river and boarded a C. & O. train, or else went as far as Kenova over

the N. & W. and then boarded a C. & O. train there. He had been out of work for seven months and was in search of work.

The manner of his death is also unknown, although advice from the C. & O. officials indicates that from all appearances he was walking along the track at the time he was hit by the train.

Death must have been due to internal injuries, since the message to Undertaker Pfeiffer stated that the outward injuries were a broken leg, a broken arm and a small scratch on the chin. His body was not otherwise mangled.

Jesse Pollard was the son of Mr. and Mrs. John Pollard, of 107 East Rhodes avenue, New Boston, and besides his parents is survived by three brothers, Curtis, Harvey and Albert and four sisters, Mrs. Florence Smith and the Misses Zelma, Emma and Lorene Pollard, all living in New Boston.

Until seven months ago he was employed as a leveler at the steel plant in New Boston, but lost his position when the mill closed down. Prior to that time he had been employed for a time on the new water works plant east of New Boston.

Two years ago he suffered a fracture of the right leg while at work in the steel mill, but the injury healed satisfactorily and left no permanent effects.

He was converted at the Billy Sunday meetings in this city a few years ago, and afterward united with the First Christian church of this city, which membership he retained until his death.

Easter Services At Holy Redeemer Ch.

The Easter services at Holy Redeemer church began with a splendid day in keeping with the great feast of the church, the Resurrection of Christ from the dead. The glorious, genial sunshine of the morning filtering through stained glass windows lent brightness, warmth and a picturesqueness to the beautiful scene within the sanctuary. The main altar and two side altars, responsive to the spirit of the hour, were made glorious by riotous palms, lilies, burning tapers and three luminous crosses which decorated the tabernacle of the main altar. The abundance and variety of flowers and plants, the beauty of arrangement of decorations revealed the fine artistic skill and taste, in imitation of the loving and devoted Marys who came with fruit

grant spunkard at sunrise on Easter morning to anoint the body of Jesus, in reward for their tender devotion to the Master. He revealed Himself and spoke to them so as to make them supremely happy.

Four little girls dressed in white gathered the Easter offerings of the generous and devoted members of the parish, which substantially express the mutual devotion of pastor and congregation. Over four hundred dollars were taken up at the collection, which is certainly a large sum, considering depressed financial conditions of the present times.

The music of the choir, under the able direction of Mr. William Spitzer as choir director, and Mr. Edward Kean, organist, was of a high order and rendered most beautifully.

WHY WERE YOU NOT THERE?

(Continued)

The E. M. B. C. of the Fourth Street Methodist church had a very interesting session yesterday morning, although the attendance could have been better, 30 being present. But the class made up in the Easter collection for what it fell behind in attendance. The amount was over \$15.00. Rev. Marling laid particular stress upon what the resurrection meant to the individual, also what it cost the Savior to bring your duty.

about the salvation of man. People should not neglect the opportunity, but take advantage of this great blessing to receive everlasting life, for which He gave his own life to satisfy the law which condemned the people to death. By his death and resurrection we have eternal life if we accept Him as our Redeemer and walk in His footsteps, and do the will of our Heavenly Father. By on hand next Sunday morning and do not neglect to do what it cost the Savior to bring your duty.

BAPTIST CHURCH NOTES

There was a great day, a Baptist church yesterday. The early prayer meeting was largely attended. The Sunday school was one of the best sessions of the year. The church was crowded at both morning and evening services. "The Lord's Supper" in the morning session was of the most spiritual character.

At the evening service there was extended the hand of fellowship to three persons. At the conclusion of the services four persons were baptized with Christ in Baptism.

DYSPEPSIA OVERCOME

Tone Up the Stomach With Hood's Sarsaparilla

When you have dyspepsia your life is miserable. You have a bad taste in your mouth, a tenderness at the pit of your stomach, a feeling of puffiness, fullness, headache, heartburn, and sometimes nausea.

Dyspepsia is difficult digestion—that is what the word means—and the only way to get rid of it is to give vigor and tone to the stomach and the whole digestive system. Hood's Sarsaparilla, sold by all druggists, is the one medicine which acts on the stomach through the blood and acts directly. Its beneficial effects are felt at once. Improvement begins immediately.

Hood's Sarsaparilla purifies the blood, makes the rich red blood that is needed for perfect digestion, and builds up the whole system. No other medicine can take its place.

GRONIGER A ONE TERMER

James Groniger, a successful young attorney and well known former base ball player and magistrate, was defeated for his second term for mayor of Morgantown, W. Va., by 200 votes last Tuesday.

Muldoons Are Victors

The Muldoon baseball team journeyed to Ironton Sunday where they beat the Ironton Rags by a score of 13 to 12. McKinney and H. Phillips formed the battery for the Muldoons while Cannon and McConnell worked for the Ironton nine.

Roof Was On Fire. A roof blaze, started by sparks from a chimney, resulted in an alarm being turned in from Box 67 at 12:05 Sunday afternoon and the Hilltop fire company was called to the home of Charles McLean on North Waller street, near Twelfth. The blaze was put out with a small loss.

Man Takes His Own Medicine Is An Optimist. He has absolute faith in his medicine—he knows when he takes it for certain ailments he gets relief. Dear Dolly—Please tell me how the people who are employed in Yellowstone Park get their jobs?

They are appointed by the government.

Dear Dolly—Please tell me how to sober up a drunk man. I know a man who has been drunk for ten years. His home is in Ashland, Ky., but he is here now.

Turn the hose on him or else send him back to Ashland and let them sober him up. However if you are in earnest and really want to help the man you might give him this: 5 grains of sulphate of iron, 10 grains of magnesium, 1 drachm spirits of nutmeg. Mix and dissolve in half pint of lukewarm water. Let stand until settled, which will be two or three days. Dose 1 teaspoonful two or three times a day. This can be given in any liquid substance and is absolutely harmless.

Dear Dolly—When was the great eclipse in England?

Dear Dolly—I like a boy whom I go to school with very much. How can I tell whether he likes me or not? He always acts friendly to me, but he does not hang around me. I know your advice is good.

My advice is to keep such foolishness out of your head until you have finished school, if you don't you'll never get through.

Dear Dolly—I have come to you to see if you can help me. I am all disgusted with myself, dear Dolly. I am keeping company with a nice young man and sure do care for him, but Dolly I am so jealous of him I can't enjoy myself. When we are out together if we go to parties or other places I do not enjoy going. Now Dolly how can I overcome this? Can't you help me?

A NEW BOSTON GIRL.
The only way anyone can overcome a fault in will power. Just make up your mind that you are not going to be jealous no matter what he does or who he talks to. If at first you don't succeed, try, try again.

Three Lucasville Belles—Your letter was entirely too long to publish. It would have taken up all the space I am allowed each day. Girls of your age should ask their mothers such questions. Baby doll slippers will be worn this summer. You are too young to be going about after night with the boys. Self respecting girls do not go places after night expecting some man or boy to take them home. If it is necessary for you to go places have your parents or some member of the family to go along. Broad brimmed hats will be worn this summer. A leghorn would make you a pretty hat for all occasions. White dresses won't be worn for perhaps a month or more.

Dear Dolly—I go to school with a girl who is about my age (16). She goes to church all the time and seems like a nice girl, but she goes with a boy who smokes cigarettes, drinks whiskey, uses bad language of all kinds. Her parents don't know that she goes with him. Would you associate with a girl like that Dolly?

BLUE EYES.
I certainly would not unless by so doing I could induce her to give up such bad company. If she refuses better tell her parents before it is too late.

THE GIRL.
That's for you to decide. Your own feelings should be the best guide in such matters. Some girls do not feel like receiving callers immediately following a death in the family. Invite the young man to call some evening if you would like to see him. It would be perfectly all right to do so.

In white satin with plaiting of chiffon or in lawn or batiste, with self material or plaited lace for the frill the style marked No. 1 would be very pretty. It is also for organdie, mull, silk, or linen. The plaiting may be omitted. For No. 2, butchers or handkerchief linen could be used with good effect. Embroidery binding or cording would make a neat finish and decoration. If made of lawn or batiste, an edging of lace would be appropriate. No. 3, shows a smart new style finished with a small bow of satin in a contrasting color. This style is made with a standing band or collar, and a shaped turnover showing the new effect in plaits at the back. The style No. 4 is cool looking and comfortable. WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Dandergine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.

VALENTINE'S VALSPAR

The Varnish That Won't Turn White

Makes Floors Waterproof

WHAT is more annoying to a careful housewife than a varnished floor that has turned white and shabby in conspicuous spots?

Such accidents can't be avoided with ordinary varnish; but if your floors are varnished with Valspar—the waterproof varnish—they will never turn white. They will always be beautiful without the labor of oiling and waxing. Soap and hot water keep Valspar bright and new. It is the only varnish that is not harmed by water.

Valspar is tougher than other varnishes and lasts longer. We sell it—and guarantee it to be satisfactory or your money will be returned.

Printed instructions for using Valspar correctly and a set of beautiful Valspar Poster Stamps can be obtained from us free of charge.

ONLY SIXTEEN, GIRL VERY SICK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JACQUELINE, 8961 Iberville, New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."

Explains About Credits To Be Gained At Local Normal

To the Teachers of District No. 1:
During the last few months I have been consulted by many teachers as to where it would be best to attend summer school. In every case I have endeavored to give those inquiring an honest opinion of what would be best for them, just such consideration as I should like to receive, were I seeking advice on the matter of similar importance. Many have been anxious to know whether it would be best to spend time and money in attending a local county normal or in attending a state normal instead. I have given as my opinion that the credit in the county normal would satisfy the requirements of the new school code so that the applicant might be admitted to the county examination, but that I doubted that any state normal would accept the work of a summer county normal towards a diploma or a degree. Since the new law requires that no teacher can be granted more than three one year certificates nor more than the same number of three year certificates, it behooves every teacher who expects to continue the work to work toward a diploma from a state normal, which gives the graduate a state life certificate. Recently I read an article in the local papers in which Mr. Clifton states that full college credit will be given for work done in the summer county normals. Feeling that the matter was of much importance to the teachers, and that if I had misinformed them, I should correct the error in the opinion I had given, I sent a clipping of the article which appeared in the papers to Dean John J. Richeson of Ohio State Normal College, Athens, O., asking to be informed on the matter. The reply is as follows:

Mr. Clifton Fullerton,
Portsmouth, Ohio.
My dear Mr. Fullerton:
In answer to your letter of the first inst., which I received this morning, I will say that the publication which you enclose is indeed misleading. Mr. Clifton is right in saying that we give credit for the work done in the county normals, but he is not right in saying that we give full credit. The credit given to county normals of the advanced type is from 16 to 24 hours, at our discretion. By the advanced type I mean county normals to which no student is admitted unless he be a graduate of a first grade high school. Moreover, the article might lead one to think that credit would be given for short terms, such as a summer school, given in the county normals. We shall give no credit whatever for this work. I am very much obliged to you for calling my attention to this article and think it would be good policy to see that the young people of your community are not misled by the statement that appeared in the paper.

Very truly yours,
JNO. J. RICHESON,
Dean, State Normal College.
The letter speaks for itself and should be read carefully by all teachers. I publish it not to discredit the statement of the state official or to opine against the county normal system, but to do my duty towards the teachers of my district, and especially towards those with whom I have talked concerning the matter.

Very truly,
CLARK FULLERTON,
District Supt.

GIVES WIFE
A CHANCE

J. C. Jordan, a cook of Huntington, W. Va., came to Portsmouth Sunday morning after his erring wife, Mrs. Laura Chaffin-Jordan, who was caught in a raid on the Biggs house some nights ago. The Huntington police authorities had informed him of her predicament, and although he and wife were separated he decided to give her a chance to make amends.

With the aid of police officers he located her at a high street home, where she had just taken employment as a domestic. She was at first disinclined to return with him, but finally consented. She had told the police various stories of alleged mistreatment at his hands. A young man giving the name of Wilber Ward, with whom the young woman had been living as man and wife at the above hotel, was taken to Cincinnati Saturday to serve a several months' workhouse sentence.

Will Preach
Rev. John Book expects to preach at the Christian church in Fullerton, Ky., next Sunday evening. The local preacher has been busy flying Evangelist Billy Sunday.

Big Crowd At The First Presbyterian

One of the largest crowds ever in the church gathered at the First Presbyterian Sunday evening for the Easter concert by the choir. The church was very beautifully decorated with ferns, hyacinths, Easter lilies and cut flowers, the work of Peter George, the church janitor. The concert was in two parts, the first consisting of several beautiful organ numbers by Miss Anderson, and Graniers' Hosanna sung by Mrs. Norma Herck Young. The second was the Easter Cantata, "Easter Angels," by J. S. Fearis, which was sung by the Chorus Choir. The piece is an effort to portray the presence of the heavenly angels during the events of passion week. It begins with the story of angel guards surrounding the Saviour and continues with their ministry in Gethsemane and at the cross, and their presence on the Resurrection morn. Their welcome to the ascended Lord and their songs of joy in heaven as the redeemed gather to adore Him complete the thought.

The solo parts were taken by Miss Alma Davis, Mrs. Roy Lynn, Mrs. Chas. Storck, Mr. Kinser, Mr. Schwartz, Mr. Lorey, Mr. Boyd and Mr. Hilbert. A quartette by Mrs. Lynn, Miss Wilhelm, Miss Hunt and Mrs. Storck and a trio for women's voices sung by Mrs. Lynn, Miss Berry and Mrs. Storck were prominent features of the cantata. The large chorus choir rendered the choruses in a perfect manner. The work of training the chorus has been in charge of Miss Edna Wilhelm, the assistant organist of the church, to whom great credit is due for the successful evening.

Rev. J. W. Atkinson Dedicates Church

Local friends of Rev. John W. Atkinson, former pastor of Manly M. E. church of this city, will be interested to know that he is in the midst of a twelve day service, dedicating the new Neil Avenue M. E. church of Columbus, of which he is pastor.

The services started on last Wednesday evening with an address by Dr. Herbert Welch, president of Ohio Wesleyan University, and has continued each day since, closing next Sunday, the "Dedication Day," with uplifting ceremonies. Among the speakers next day will be Governor Frank B. Willis, who will deliver a platform meeting at 9:30 p. m. and Dr. Albert E. Smith, President of Northern University at Ada, O.

Among the speakers during the twelve days, besides those already mentioned, are Bishop Anderson, D. A. M. Courtenay, D. O. B. Taylor, J. C. Arbuckle, D. D., L. I.

HOW SHE ENDED TEN YEARS OF SKIN-TORTURE

Oct. 28, 1914: "I had eczema on my face for ten years. Little red pimples formed in a small spot on my chin and then spread all over my face. They itched and burned me awfully. I was certainly embarrassed to my and would not go amongst people. I tried almost every remedy and treatment that could be used for this trouble, but nothing did me any good. I used Resinol Ointment and Resinol Soap, and was relieved in a day or two. In one month I was cured. This was six months ago and the trouble has never returned." (Signed) Mrs. C. C. Roberts, Weatherford, Okla.

The Resinol treatment specially heals eczema, rashes, ringworm, and other eruptions, and clears away disgusting pimples and blackheads, even when other treatments prove worse than useless. Doctors have prescribed Resinol Ointment and Resinol Soap for fifteen years, and all druggists sell them.

Very truly yours,
CLARK FULLERTON,
District Supt.

Charley McCormick In Mayoralty Race

A new candidate for the nomination of mayor on the Republican ticket entered the political field Saturday evening when Charles McCormick, of the firm of Thomson and McCormick, proprietors of the London Shop, began circulating his petitions. He has 25 of them out and it is said they are being readily signed. Mr. McCormick is a son of J. T. McCormick of 730 Sixth street and his numerous friends feel that he will make a vigorous campaign for the nomination.

MANY CLAIMS IN FOR 'POOR' WOMAN'S ESTATE

Hearing on the matter of the distribution of the \$5000 in cash found in a trunk in the squalid room of the late Mrs. Mariah Raynor, at Cincinnati, a few weeks ago, will be held before Probate Judge Landers at Cincinnati, Saturday, April 24, according to notices received Saturday by local relatives of the dead woman. Numerous relatives have suddenly appeared to set up a claim to the former "newspaper woman's" money who, until her death, was thought to be in straightened circumstances. Among them are alleged relatives to Mrs. Raynor herself who, it was thought, died without leaving a living relative. It will require considerable investigation by the court and the administrator to determine who is rightfully entitled to the small fortune.

At the time of the woman's death, Charles V. Raynor, of Sciotoville, a half brother to the husband, was thought to be the nearest of kin, while the claim of Mrs. J. B. Maddocks, a half sister, was also considered good. It later developed that Mrs. Emma Barber McPhaden, the local visiting nurse, is a half-cousin of the deceased husband. She has received a notice from the Hamilton county probate court to appear at the hearing, but she stated to the Times Monday that she did not think her claim was strong enough to entitle her to any of the estate.

Knights Templar Hold Services

Impressive Easter services were held in the asylum of Calvary Commandery, No. 13, Knights Templar, in the Masonic Temple Sunday afternoon, and were attended by a large number of the Sir Knights, their families, and friends. For years, the special Easter services of Calvary Commandery have been a notable and impressive religious event, and this year was no exception. Rev. Sir Knight John W. Dunning, pastor of the First Presbyterian church, delivered the sermon, while the devotional exercises, comprising the ritualistic ceremonies of the Knights Templars were in charge of the prelate of Calvary Commandery Sir Knight John A. Ives. Musical features included a solo by Sir Knight J. Adam Barkel, and two selections by the quartet of the First Presbyterian church, composed of Mrs. Roy Lynn, Mrs. Charles Storck, William H. Schwartz, and Harry Boyd.

Each lady attending the services was presented with a carnation, and the floral decorations were afterward sent to the home of the Sir Knights who were detained at home by illness.

REWARD

Ten dollars reward for recovery of "Ben Hur" bicycle taken from corner of Seventh and Brown streets. Brewster green color, coaster brake, red smooth tires, front and back double barrel frame. J. E. Hannah, Seventh and Brown.

ATTENDED SERVICES

Members of Easton Commandery No. 29 K. of T. (colored) attended Easter services in a body Sunday afternoon at the Pleasant Green Baptist church. Headed by the Lewis brass band they marched to the church from their hall on North Waller street. They heard a fine sermon delivered by Rev. W. P. Chapman and the services were full of interest. The church was decorated with plants and cut flowers and special music was rendered.

All Stars Walloped Old Pill, Beat Doyle's Team 13 To 4

Fully 500 fans journeyed to Millbrook park Sunday to get their first glimpse of a ball game staged in 1915 in this section.

The day was almost perfect and the dyed in the wool fans were rewarded in seeing a ringing match in which Mike O'Day's All Stars did most of the hitting. They handed a neat triumph to the team representing Prof. Doyle's baseball school, the final score being a 13 to 4 affair. The All Stars found life and McCall for hits when runners were in a scoring position and added by a few of the timely variety of hits a large score was piled up. Nevertheless it was an enjoyable game all round and the fans stuck it out to the finish. The game was featured by luscious home runs laced out by two recruits, McHenry and Emory. These lads showed up splendidly. The batteries were Eitel, McCall and Nippert for the "school kiddies" and DeLoell and Thimmes for the All Stars.

Joe Barber, who played first for the All Stars, amassed five clean drives and played a bang up game in the field.

Buck Yeager handled the indicator and kept the players moving rapidly.

Thimmes caught a good game for the All Stars and the infield composed of Dohertry, Allen, Koller and Barber played a snappy and consistent game.

Nippert looked fine behind the bat. He is big and husky and takes a healthy cut at the pill.

When Umpa Yeager announced the batteries it looked like old times in the park. There was a fine sprinkling of regulars in the big stand.

Prof. Doyle donned a suit and had a fine workout with his fledglings. He called several of them rather sharply for pulling away from good ones that earned the plate.

O'Day, McCall and Grim formed a small outfield for the O'Dayites.

Manager Chas Spencer was on the bench and kept his weather eye on the youngsters. It seemed funny not to see the old familiar face of Pete Childs. He will be missed.

Jimmy Edwards played with the kids and is in fine shape.

HITTING TIMELY

Edith Conwell and Johnny Blakey continue to hit timely and hard for the Waco team and expect to shine with the same brilliancy in the Texas league as they did in the classy little Ohio State.

BOBBIE PULLS ANNUAL JOKE

It remained for Bobbie Lewis to pull a good one at the expense of the rookies. Prof. Doyle is schooling in the art of playing ball. A gang of them were playing a practice game over when Lewis sauntered in the Play House. Spying Prof. Doyle he said, "say, Bill, send me down for that right field job I'll be there tomorrow."

"See I'm glad he didn't say first base," came back one of the four candidates for the job of guarding Sack No. 1 and everybody "laughed."

Bearcats Coming

Weather permitting there will be a fine crowd at the park next Sunday as the Doyle Bearcats will stack up against the Cleveland A. C. team. Local fans will again get to see Southworth in action. This aggressive, hard hitting outfielder has Ty Cobb'd all the games the Bearcats have played in the south.

LEAGUE IN FINE SHAPE

When President Joe Carr smoothed out a few matters that remained unsettled in Charleston and Frankfurt the success of the Ohio State is assured in the compact little circuit will start the season in great shape.

There was a slight hitch at Charleston but everything has been adjusted satisfactorily there it was announced Saturday evening by President Carr, who was in this city on his way to Columbus. All the teams have posted their guarantees and indications point to a splendid season all right.

Another Herd On The Way

Prof. Doyle has pushed the button and another herd of promising players will soon troop in to the River City. Doyle expects to have about 30 rookies here by the end of the week. He has already turned several back.

PLAYERS TO SUFFER

This is going to be a tough season for many ballplayers, and a great many of them are going to be out of work. The major leagues are going to be so tight, because a few men as possible, because they cannot under present conditions afford to pay salaries to players sitting on the bench. The twenty-one player limit in the National League alone will cost at least 50 men comfortable jobs. The conditions in many of the minor leagues are such that hundreds of ambitious athletes will be thrown out of employment. It is the natural outcome of the activities of the Federal League, which is paying extravagant salaries to a handful of contract jumpers, and costing a great many players of slightly less ability their positions. The players are the ones who are suffering more than the managers.

TEDROW GIVEN A WARM RECEPTION

That was a nice reception the fledgling Juniors gave our former fellow townsman, Tedrow, Saturday, when Dayton played in Cincinnati. Dayton lost, 17 to 6 and all the pitchers were swamped more or less on account of the cold weather. Tedrow went into the game with only a few days' practice.

Find No Trace Of Missing Woman

No trace has been found of Mrs. Victor Underwood-Guth, prominent Waverly woman, who, it is claimed, deserted her husband and two children to run away with a man giving the name of Robert J. Lee, of Camden, N. J., one week ago last Saturday. The couple have succeeded in keeping their whereabouts from the police of several cities, who have been spurred on to action by promise of reward offered by the deserted husband.

Though the incident occurred over a week ago, it still forms the main topic of conversation in Waverly, where it created the greatest sensation in years. Since the elopement it has been learned that the gossip of the village had the names of the couple linked together for weeks before.

WEST END TEAMSTER IS VICTIM OF KNIFE ATTACK

William Browning, a West End teamster, was slashed across the left hand, received several slight stab wounds in the back and had his clothes almost cut into ribbons by an unknown man late Saturday night.

Browning had another teamster, Dave Hanna, arrested as the man who did the cutting, though he admitted it was done in the dark and that he was unable to see his assailant. Hanna vigorously denied the cutting and claimed he would be able to prove an alibi.

Browning claims he went to the Morrow Flats on Front street shortly after 11 o'clock to see his children, only to find his wife, from whom he recently separated, absent. He decided to take the children to the home of his mother, but the landlord objected, notifying police headquarters. About an hour later, police claim, the landlord notified them again that Browning had returned and had raised quite a rumpus with his wife, for which he wanted him arrested. As he did not know whether Browning had gone, the complaint was passed up, but soon after word came that Browning had been viciously attacked. He was asked to come to headquarters, where he told his story.

He said it was on his second visit to the Morrow Flats that a man sprang upon him in the dark hallway and began slashing him. He was certain it was Hanna, whom he accuses of having broken up his home. Hanna was found in bed at his boarding place near the Interstate Transfer Company's barn. Police officers claim they noticed he was busy concealing something under a bed partner's pillow and were certain it was a gun, for later, when he was searched, 91 loaded cartridges were found in his pockets. He was locked up at the city prison, while Browning was released with orders to appear in court Monday morning.

A man claiming to be a friend of Browning called up headquarters Sunday evening and reported that Mrs. Browning had just gone buggy riding with a girl friend, leaving her children locked up in a room at the Morrow Flats.

second to sixteenth degrees inclusive in the Royal order of Bolo-Bolo of the Great Khivan, the new side degree, and the new degree teams which has been practicing faithfully almost nightly, up to the wee sma' hours, will have its first real official work-out on a sure enough victim. It is the unanimous opinion of members of every fraternity in the city who have seen these side degrees "exemplified," that as a real "thriller" it eclipses anything known in lodgdom, and Attorney Skelton is to be congratulated upon the distinguished honor that has fallen to him.

The degree team is composed of Capt. George S. Carroll, Prof. W. B. Robe, John R. Skelton, Dr. O. D. Donaldson, Harry M. Sickle, Charles C. Bennett, Oscar Trimmer, Don H. Jewell, John Neu, Sam M. Martin, David P. Scott, Gilbert Dodds, Prof. S. D. Eckhart and sundry imps, creatures, reptiles, etc., not for public display. The team is nicely uniformed and equipped with a full complement of paraphernalia and stage fixings. All members of the camp will be privileged to witness the ceremonies.

The plans for the big district meeting are shaping up nicely, and the entertainment committees are working to make it a notable gathering of the soldier folk. All fear that the Division officers would not be able to attend has been dispelled. They'll be here and in force, too. Division Commander T. L. Aughinbaugh writes the chairman of entertainment committee, Harry M. Sickle.

"I have marked Friday, April 16, on my calendar and am going to try and be with you without fail. Kindly keep me advised of your arrangements for the meeting. I do want to be with you."

Division Secretary J. Edgar Sherry of Springfield, writes: "Sure I'm coming—coming if I have to walk over. I'll get in there Friday morning, Harry, and stay till Saturday afternoon. I'll see to it that T. L. gets there on time, too."

Senior Vice Commander, T. L. Long, of Dayton, writes he is coming. He will be accompanied by Past Division Commander W. S. Reader also of Dayton.

C. A. Whittlesey, of Akron, special aide and division organizer is expected as he and the headquarter officers always travel in a body.

Lieut. Col. Park F. Yengling who commands the Ohio Reserves, has been invited and he has long wanted to visit down here, while many other notables have been invited, among them H. C. Brown of Yellow Springs, who conducted the shrubbery sale at Anderson's a year ago.

The committee is now working to have a large representation from all camps in this district present. John A. Logan Camp of Friendship is coming in a body. Lois camp at Harrisonville will undoubtedly come in force, while Ironton and other nearby cities will send delegations.

The Sons of Veterans' auxiliary entertainment committee headed by the capable president, Mrs. Libbia Eichorn, Mrs. H. W. Matthioli, Mrs. H. T. Fairness, Mrs. John R. Skelton and Miss Blanche Bradford, are also working to make the meeting a big success. It's going to be some gathering.

ALLEN CHAPEL NOTES

Enstar was fittingly celebrated at Allen Chapel A. M. E. church. The church was prettily decorated. The first service was at six o'clock by the Christian Endeavor Society, being conducted by the president, Mrs. L. C. D. Anderson. A paper was read by Miss Edith Irwin. At the close of the services the congregation marched to the lecture room, where at a long table decorated with palms, a lunch was served.

The Sunday school was largely attended, 187 being present. The Sunday school orchestra rendered several fine selections. At the 11 o'clock services a large congregation attended. A solo was sung by Mrs. Saunders, followed by a duet by Mr. and Mrs. John Richardson. The Rev. John Irwin, the pastor of the church, delivered an eloquent Easter sermon. At the close of the sermon came another duet by Mrs. Saunders and Mr. C. Starks. Walter Ferguson was then baptized.

At 7:30 p. m. nearly 300 packed the auditorium to attend the Sunday school exercises. This was one of the largest audiences ever known. At the close of the Sunday school exercises another baptismal service was conducted by the pastor, Clifford Peters and Master George Robert Cole were baptized.

Vienna Camp Will Take In Big Class

Vienna Camp Sons of Veterans at their regular meeting tomorrow, Tuesday, evening in Selby (G. A. R.) hall, Gallia and Findlay streets, the last regular meeting before the big district meeting Friday evening, April 16, will muster into the order a large class of new members.

Among those scheduled to ride the risky, cantankerous S. V. goat tomorrow evening are County Treasurer Maurice Caldwell, Ralph Thomas, well known traveling man, Clarence Johnson, manager of Liberty Clothing company, William West, W. C. Evans, Will Piskey of Star staff, C. Milstead, C. H. Lewis and several others equally as well known.

The officers of the camp wish to call attention to fact that the camp is working under a special dispensation granted by Commander Aughinbaugh of Ohio division by which all "red tape" has been omitted. All reputable Sons of Veterans eligible to membership in the order, who present themselves at camp room tomorrow evening, and pay the small admission fee, \$1.50, will be taken into the order. Eligibility, however, must be proven. A cordial invitation is given all Sons of Veterans to unite with the camp, one of the best and strongest in Ohio division, and of which the personnel is second to no organization in city or elsewhere.

In addition to the attraction of a big class for initiation, which always draws a full house, Attorney Anselm Skelton will be given the

William Peerless Brown Has Gone To The Country

Temporarily, at least, Portsmouth has lost her first born of 1915, William Peerless Brown, who, it will be recalled, was showered with gifts, donated by the liberal-minded citizens of this fair city, and whose advent into the big round world will be ever remembered by his happy parents, Mr. and Mrs. Sherman Brown, who four weeks ago moved to Dogwood Ridge, where the father is making both ends meet by tilling the soil on the farm of James Haskins.

You bet William Peerless is all right. He's a cute little red-headed chap, full of life as a well-kept kennel pup and is able to devour several square meals every day.

He has never experienced a moment of sickness and Mrs. Brown writing to her mother, Mrs. William Judlin, who resides at 2021 Sixth street, says that William Peerless is so strong that it is all he can do to hold him when he takes one of his "tantrums".

Since moving to the country, Mr. and Mrs. Brown have not been to Portsmouth, although they are expected here within a few days. Mr. Brown is busy now getting the soil ready for the big crop of corn he expects to raise. For the father of William Peerless is an industrious young man, and when he could find no work here, he immediately made arrangements to work on a farm, one of the most independent as well as most profitable lives one can live.

Until the recent flood, the Brown family lived where William Peerless was born. The high water, however, forced them to move and they lived for a month with Mrs. Brown's parents, Mr. and Mrs. William Judlin. Then shortly they moved to the country, where William Peerless as well as the whole Brown family, have enjoyed themselves, being blessed with health and happiness.

EASTER PARADE IN CITY USUAL GLITTERING EVENT

Portsmouth did its share to make Easter Sunday one of the most joyous days of the year, and, as usual, the day was fittingly observed in the city.

The weather man should come in for his share of praise, for it was an ideal day, possibly a trifle cool for some of the spring-time flirts, but nevertheless Portsmouth staged its annual Easter parade, and it, as usual, was a glittering event in which the styles decreed by Fashion were shown in all their shimmering beauty.

The story of the Resurrection was impressively retold from the pulpits of Portsmouth, and appropriate music was rendered. The churches made elaborate preparations for the day and some of the best musical talent in the city took part in the beautiful exercises commemorating the Biblical story of the rising of the Christ from the dead.

Easter services are always well attended here and the houses of worship were well filled yesterday. Every avenue leading to the churches reflected the true spirit of Easter Sunday morning.

While Sunday morning dawned bright and cool Old Sol soon came to the rescue of those eager to disport themselves in their new outfits and by noon a delightful spring day was in order. The maximum temperature was 60.

Seat Sale Open

The advance sale of seats for "Gabriel" which comes to the Columbia Wednesday and Thursday opened today (Monday) instead of Wednesday as previously announced. This will be one of the biggest pictorial features ever brought to the city.

EASTER COLLECTIONS

A new record was established by St. Mary's parish Sunday when its members contributed the extraordinary sum of \$588.75 to the Easter collection for the pastor, Rev. Father T. A. Goebel. The Easter collection last year amounted to \$276.

PLANS FOR THE NEW FLOOD WALL

City Engineer George S. Wilhelm is preparing some new sketches of the proposed flood wall extension for the enlightenment of city council Wednesday evening. Mr. Wilhelm now estimates that the flood wall extension from Chillicothe street to Offner street including the property it will be necessary to purchase for a right of way will be \$75,000, while the cost of the wall from Offner street to Funk's Gut will not cost any more.

IF BILIOUS, SICK OR CONSTIPATED TAKE CASCARETS

Get a 10-cent box now. You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and your head clear for months. Children love to take Cascarets because they taste good and never gripe or sicken.

DISSENSION IN RANKS "AMALGAMATED" UNION

Wheeling, W. Va., April 5.—The secession movement among members of the Amalgamated Association of Iron, Steel and Tin Workers, growing out of dissatisfaction with the recent decision by a referendum vote to accept a wage reduction, took tangible form at a mass meeting of about 1,000 mill workers of Wheeling, Martin's Ferry and Pottsville, W. Va., in the city auditorium today. The new organization will be known as the United Iron and Steel Workers of America. Temporary officers were elected. Another meeting will be held in two weeks when a national convention will be called.

The declaration of principles and constitution adopted place absolute control of the organization in the hands of the members. There will be an advisory board, but no executive board, and every important proposition will be decided by a referendum vote. A two-thirds majority will be necessary to reconsider any referendum decision.

The stormiest in the history of organized labor in the Wheeling district. Reporters were excluded, after two speakers had bitterly resented a publication charging that I. W. W. influences are back of the secession movement. When the time to vote on the secession motion arrived, an amalgamated leader called upon every member of the amalgamated who was true to his principles to withdraw from the meeting. Several hundred left the hall. Leaders of the movement say the number was less than 100. Those who remained proceeded with consideration of the constitution. Those withdrawing embraced nearly all the employees of the Whitaker plant of the Whitaker-Glessner company, which will resume operations Wednesday morning under the Amalgamation agreement.

Mrs. Will Tremper Has A Close Call

Mrs. W. D. Tremper, wife of the state senator from this district, had a narrow escape from serious injury shortly after noon Monday, when a large advertising sign overhanging the entrance to the Wear-Well shoe store in the Turkey building, crashed to the sidewalk below, within a few feet from where she was walking. Only her quickness in getting out of the way prevented her from being struck.

The huge sign left its moorings when a sudden gust of wind struck it and one end struck the large plate glass window in the front of the store, breaking it into innumerable pieces. The iron post extending out from the wall also was loosened.

City Auditor George Gableman, walked under the sign about thirty seconds before it fell and was in front of the C. & O. ticket office when the crash came. He says Mrs. Tremper's escape was an exceedingly narrow one.

Planning For Entertainment

The committee on the annual entertainment of John E. Williams' Bible class of the Second Presbyterian church next Friday night is meeting with great success, and the occasion promises to be the most enjoyable in the history of the class. The committee will meet as usual at nine o'clock tomorrow morning at the church to go ahead with the arrangements.

Sciotoville Ardome

Plans for the new Ardome to be built on Main street in Sciotoville have been approved by the State Board of Inspection and a contract for its erection will be let in a few days. The plans were the first of a local nature approved by Arthur Devoss, architect for State Board of Inspection.

Will Aid Applicants

County Superintendent E. O. McCowan and Sampson D. Eckhart, principal of the New Boston schools, expect to spend considerable time this week in Madison township, giving practical teaching tests to prospective applicants for teachers' certificates.

L. O. Bohman, formerly of the independent Hocking company of this city, who has had his household goods stored with the Portsmouth Storage and Auction company, shipped them to his new home in Toledo Monday.

GOLFER FINDS A BOTTLED UP TOWN

While playing golf in East Portsmouth Sunday John Wilhelm ran into a nest that contained three birds. Mr. Wilhelm says they were probably bank swallows, as he found the nest near the river bank, where he had driven a golf ball. "This is the earliest I have ever heard of birds raising a family," Mr. Wilhelm said Monday.

Souvenir Programs

Patrons of the Lyric and Columbia theatres this week will be presented with handsome souvenir programs, giving the plays for the month of April. The programs are beautiful, being printed in colors and really are works of art and worthy of preservation.

Boy Hurt By Auto

Richard, a 7-year-old son of John Jehnke, of Dry Run, was knocked down by an automobile near the family home on Canal road Sunday afternoon. He received an ugly scalp wound and multiple body bruises but no bones were broken as first feared. Dr. Rapp was called to attend the injured lad who had been standing on the running board of Theo. Pierson's new Maynes car and jumped off directly in front of the other.

Assessors At Work

Deputy tax assessors in practically every taxing district in Scioto county started to work listing the property for the coming year bright and early Monday morning. All but two assessors reported last week at the office of the district assessor in the Kricker building, and received their instructions and supplies. Complete returns from some townships will be in within thirty days, while other townships require a longer period in which to cover the ground. All reports must be in complete by June 7.

Sale Was Success

Successful in every way was the bakes sale conducted by the ladies of the Mothers' and Teachers' club of the lower Fourth street school building at Hall Brothers' store Saturday. The sale netting \$31.50, which has been added to the club treasury. The money will be used in assisting indigent pupils.

DIETING TO KEEP WELL

Some people are born with a tendency to eat too much. What they eat either aggravates this condition or tends to correct it. Anybody can see the importance of a proper diet but human beings, unlike the lower animals, lack the instinct that tells them what to eat and what to avoid. It is a fact that proper diet and a good tonic will keep people well under most conditions and restore them to health except in acute diseases where the need of a physician is imperative. Start today by writing to the Dr. Williams' Medicine Co., Schenectady, N. Y., for a copy of the diet book, "What to Eat and How to Eat." It is full of useful information and describes the tonic treatment with Dr. Williams' Pink Pills for indigestion, nervous dyspepsia, for those conditions of flatulency or gas in the stomach, discomfort after eating, caused by lack of tone in the digestive organs. Dr. Williams' Pink Pills supply the stomach with well-oxygenated blood without which good digestion is impossible. Dr. Williams' Pink Pills are a non-alcoholic tonic and are free from poison. A short course of treatment with these pills will show in an improved appetite, better digestion, refreshing sleep and quiet nerves. Your own druggist sells Dr. Williams' Pink Pills.

We are going to start a campaign to open up the avenues leading into Portsmouth. Some one is to blame for present conditions and we are not going to mince any words but are going to place the blame where it belongs. We are not going to stand idly by any longer. I present arteries leading from this town are a disgrace to a community. Get busy Mr. Man if you are responsible for present conditions for unless remedied in the near future we are going to spend some money to defeat you regardless of politics. There is no excuse to keep the farmer from driving into Portsmouth and purchasing our goods at a big saving. You can't build up a community by building a stone wall around it to keep people out. Action real quick is what we want, and we will get it or know the reason why.

EASTER OBSERVED AT U. B. CHURCH

Sunday was a joyous day at the U. B. church, all services being in keeping with the Easter tide. A brief Easter program was rendered by the primary department of the Sunday school at the Sunday morning service in the morning. The morning sermon by the pastor, Rev. L. J. Hopper, was largely explanatory of the meaning of the risen Christ and was entitled "The Power of His Resurrection." The subject of the evening service was "Risen With Christ" and was a portrayal of the Christian life as entirely consecrated to divine service—a life that is the possible attainment of all Christians but which is seldom sought by them, while perhaps some do not even recognize that there is this higher plane of Christian living. This sermon was fraught with deep meaning and should stimulate all Christians to a desire to attain this higher Christian life. Excellent music by the choir in harmony with the Easter tide, rendered at both services. Also some special numbers, a solo by Miss Seaviff and a solo by Mr. Floyd Smith, were much esteemed.

JEWISH SERVICES

Services marking the close of the Feast of Passover were held in the local Jewish Temple Monday morning at 9:30 o'clock by Rabbi Srazaan of the Hebrew Union College of Cincinnati. These services extended over eight days and with their closing members of this faith are again privileged to eat bread.

TURKEY SAID TO BE CONDUCTING PEACE NEGOTIATIONS

Rome, April 4.—(via Paris, April 5).—In spite of various official denials by some of the belligerent nations that preliminary steps have been taken to conclude peace, especially by Austria and Turkey, without consulting Germany, the report that David Pasha, Turkish minister of finance, who is now in Switzerland, is on a mission of peace, finds credence here. It is pointed out that David Pasha was one of the first Turkish envoys to undertake at Ouchy, Switzerland, the conclusion of an armistice with Italy. He has denied emphatically that he is at present engaged in a similar mission. It is considered here that the denial should not be taken too literally because he scarcely could conduct his preliminary negotiations by round-about methods through neutral diplomats. While he has denied emphatically that he is at present engaged in a similar mission, it is considered here that the denial should not be taken too literally because he scarcely could conduct his preliminary negotiations by round-about methods through neutral diplomats.

JOHNSON AND WILLARD READY TO ENTER RING

Thousands Of Fight Fans In Havana To Witness Big Battle

Havana, Cuba, April 5.—Although Jack Johnson and Jess Willard were not to meet till 12:30 o'clock this afternoon, Havana time, for the heavy weight championship of the world, the early hours of the forenoon saw thousands on the way to the Mariano race course where the fight is to be staged.

Neither the black champion nor the cowboy fighter changed over night their optimistic forecast of the outcome. Johnson said he was in shape and didn't care if the fight was a hard one as he was "fit to go any distance."

Willard's backers were certain that their man would win if the fight went beyond ten rounds. Willard himself asserted that he was not in the least nervous over the result.

Old Story of Skill Against Strength

It was the old story of skill and strength against youth and strength, with the betting odds 6 to 5 on Johnson's skill. Johnson, one of the largest men who ever stepped into a prize ring, faced an opponent measurably larger and ten years younger than himself. The negro champion is 38 years old, Willard is 28, weighs normally 20 pounds more than Johnson and tops him five and one half inches, being six feet, six inches tall.

Jess Willard popped out of bed with the rising sun this morning and after a light arm stretching exercise, partook of his breakfast. He then prepared himself for a short turn on the road, after which he said he would "beat" until time to go to the ring.

"I am fit," said Willard, to a crowd of admirers who came over to his training quarters to look at the cowboy giant, over. "Why shouldn't I be ready? I have worked hard for several weeks and am down to my proper ring weight of 245 pounds. I have left just enough fat on me to burn off during the fight. I have studied Johnson's style, understand his method and have planned my ring campaign accordingly. I rather expect the fight to run about 15 rounds at least. Then the strain will tell and I will push him to the limit." Johnson's Golden Smile

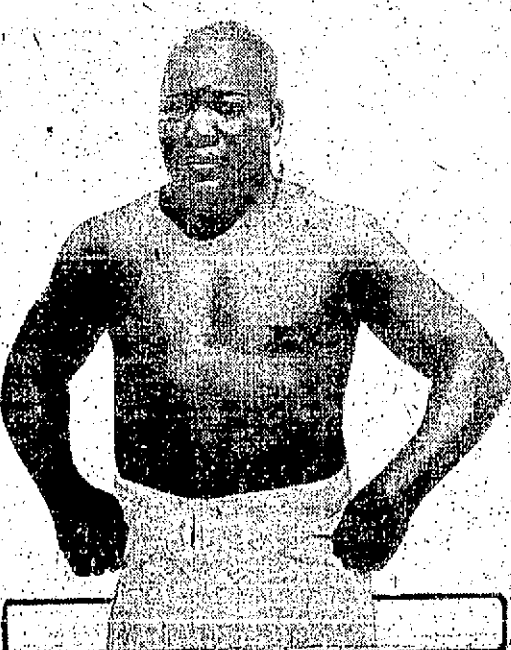

Jack Johnson smiled his famous golden smile at his headquarters this morning while he idled away the time before the fight. Johnson undoubtedly is over his best ring weight and though he said he would enter the ring at 225, he appeared to be several pounds heavier.

"I'll be right there all the time," he said.

THE WEATHER

HERE'S JACK JOHNSON ON EVE OF BATTLE

Jack Johnson, photographed a few days ago in Havana. Here is the latest photo of Jack Johnson, just received from Havana. Apparently the champion has worked off the most of his surplus fat, and will go into battle in fine trim. He now weighs about 225 pounds.

TURKS SINK TWO RUSSIAN VESSELS

Berlin, (Wireless to London), April 5.—A dispatch from Constantinople says the following statement is given by the Turkish war office: "Our fleet yesterday sank two Russian ships, the Provident of 2,000 tons, and the Vastochaja of 1,500 tons at Odessa. Our batteries off Kinn Kile sank an enemy mine sweeper which attempted to approach the entrance to the Dardanelles. Neither the Provident nor Vastochaja are mentioned in the latest shipping records."

50 PERSONS BELIEVED LOST OFF HATTERAS

Norfolk, Va., April 5.—Every possible effort, both from land and sea, was being made today to learn the fate of the Royal Dutch West Indies company's steamer Prins Maurits, believed to have foundered off Hatteras with a loss of about 50 persons in the great storm that lashed the South Atlantic coast Saturday.

Coast guard cutters, warships and other craft searching for the Maurits yesterday found no trace of the vessel near the spot from where she sent out wireless calls of aid, and it was feared that crew and passengers shared the fate of fifteen of the crew of tug

Married Three Days, Couple Lose Lives In Toledo Hotel Fire

Toledo, April 5.—Further search for bodies in the ruins of the Niagara hotel, partially destroyed by fire at an early hour Sunday morning, was discontinued at 10 o'clock Sunday night. One person, Mrs. John L. Frye, of Adrian, Michigan, is dead. Her husband it is believed, is lost. Firemen searching the ruins believe there are eight or ten bodies buried in the debris.

Ten Men's Weight

The HUDSON Light Six weighs 2,870 pounds, ready for the road. Sixes used to average about 4,500 pounds. The saving is ten men's weight. The saving in upkeep, tire wear and fuel is at least 50 per cent.

That's why the HUDSON brought Light Sixes into vogue. It proved that lightness could be combined with strength. Every pound removed was a credit. Better materials and better designing saved you that ten men's weight. And Howard E. Coffin, our famous designer, did it.

Still the Lightest

Now Light Sixes dominate the class car field. And the HUDSON—the original—dominates Light Sixes. That is because we created the type. And our whole engineering corps has worked for four years on this model. The result shows in a hundred refinements.

It is because the HUDSON is still the lightest Light Six which seats seven. Most of its rivals weigh 400 to 600 pounds more. That also proves our ultra-refinement.

Then this HUDSON has been proved out by more than 10,000 owners. Half of them bought our first model, and they have run the cars for two seasons. These 10,000 owners have probably driven 25 million miles.

So the HUDSON is known to be right. Not a fault has developed. Any of these owners, here or elsewhere, will pronounce this the ideal car.

Others may also be right. No mistakes may develop. But this is the one Light Six which has amply proved itself right.

Those are the reasons why men who know are bound to choose the HUDSON. But another attraction is the perfect HUDSON service. We will tell you about it when you come to see the car.

Come and see it now before the rush season is upon us.

All Stars Walloped Old Pill, Beat Doyle's Team 13 To 4

Fully 500 fans journeyed to Millbrook park Sunday to get their first glimpse of a ball game staged in 1915 in this section.

The day was almost perfect and the dived in the wool fans were rewarded in seeing a slugger match in which Mike O'Day's All Stars did most of the slugging. They handed a meek teaming to the team representing Prof. Doyle's baseball school, the final score being a 13 to 4 affair. The All Stars found Ellet and McCall for hits when runners were in a scoring position and aided by a few of the timely variety of boos a large score was piled up.

Nevertheless it was an enjoyable game all round and the fans stuck it out to the finish. The game was featured by luscious home runs laced out by two recruits, McHenry and Emory. These lads showed up splendidly.

The batteries were Ellet, McCall and Nippert for the "school kiddies" and DeLottell and Thimmes for the All Stars.

Joe Barber, who played first for the All Stars, smashed five clean drives and played a bang up game in the field.

Duck Yeager handled the indicator and kept the players moving rapidly.

Thimmes caught a good game for the Stars and the infield composed of DeLottell, Allen, Keller and Barber played a snappy and consistent game.

Nippert looked fine behind the bat. He is big and husky and takes a healthy cut at the pill.

When Umps Yeager announced the batteries it looked like old times in the park. There was a fine sprinkling of regulars in the big stand.

Prof. Doyle donned a suit and had a fine workout with his fledglings. He called several of them rather sharply for putting away from good ones that crossed the plate.

O'Day, McLean and Grim formed a swell outfield for the O'Days.

Manager Chas Spencer was on the bench and kept his weather eye on the youngsters. It seemed funny not to see the old familiar face of Pete Childs. He will be missed.

Jimmy Edwards played with the kids and is in fine shape.

HITTING TIMELY

Irish Conwell and Johnny Hickey continue to hit timely and hard for the Stars and expect to shine with the same brilliancy in the Texas league as they did in the class little Ohio State.

BOBBIE PULLS ANNUAL JOKE

It remained for Bobbie Lewis to pull a good one at the expense of the rookies. Prof. Doyle is schooling in the art of playing ball. A gang of them were playing a practice game over when Lewis sauntered in the Play House. Spring Prof. Doyle he said, "say Bill, sock me down for that right field job I'll be there tomorrow."

"Gee I'm glad he didn't say first base," came back one of the four candidates for the job of guarding sack No. 1 and everybody "laughed."

Bearcats Coming

Weather permitting there will be a fine crowd at the park next Sunday as the Bearcats will stack up against the Cleveland A. A. team. Local fans will again get to see Southworth in action. This aggressive, hard hitting outfielder has Ty Cobb'd all the games the Bearcats have played in the south.

LEAGUE IN FINE SHAPE

When President Joe Carr smoothed out a few matters that remained unsettled in Charleston and Frankfort the success of the Ohio State is assured as the compact little circuit will start the season in great shape.

There was a slight hitch at Charleston but everything has been adjusted satisfactorily there it was announced Saturday evening by President Carr, who was in this city on his way to Columbus. All the teams have posted their guarantees and indications point to a splendid season all right.

Another Herd On The Way

Prof. Doyle has pushed the button and another herd of "primitives" players will soon troop in to the River City. Doyle expects have about 30 rookies here by the end of the week. He has already turned several back.

Will Stage Come Back

Eddie McLean expects to be a real come back this season. He performed with Mike O'Day's all stars Sunday in Millbrook and showed flashes of old time form. His ankle has healed admirably and the fleetfooted outfielder anticipates staging a real come back about this season. He leaves the latter part of the week for Flint, Mich., where he has signed to play this season.

PLAYERS TO SUFFER

This is going to be a tough season for many ballplayers, because a great many of them are going to be out of work. The major leagues are going to cut to the bone, carrying as few men as possible, because they cannot under present conditions afford to pay salaries to players sitting on the bench. The twenty-one player limit in the National League alone will cost at least 50 men comfortable jobs. The conditions in many of the minor leagues are such that hundreds of ambitious athletes will be thrown out of employment. It is the natural outcome of the activities of the Federal League, which is paying extravagant salaries to a handful of contract jumpers, and costing a great many players of slightly less ability their positions. The players are the ones who are suffering more than the managers.

Pittsburgh, April 5.—Billie Ritchie, former lightweight champion, has been matched for a six-round bout in this city on next Friday night with Johnny Griffiths, of Akron, Ohio. The Garden Athletic Club will pull off the bout.

TEDROW GIVEN

A WARM RECEPTION

That was a nice reception the Red-jug Juniors gave our former, fellow townsman, Tedrow, Saturday, when Dayton played in Cincinnati. Dayton lost 17 to 6 and all the pitchers were swiped more or less on account of the cold weather. Tedrow went into the game with only a few days' practice.

Find No Trace Of Missing Woman

No trace has been found of Mrs. Victor Underwood-Guth, prominent Waverly woman, who, it is claimed, deserted her husband and two children to run away with a man giving the name of Robert J. Lee, of Camden, N. J., one week ago last Saturday. The couple have succeeded in keeping their whereabouts from the police of several cities, who have been spurred on to action by promise of reward offered by the deserted husband.

Though the incident occurred over a week ago, it still forms the main topic of conversation in Waverly, where it created the greatest sensation in years. Since the elopement it has been learned that the gossip of the village had the names of the couple linked together for weeks before.

OUR HOME FACTORIES.

Since going into this "Buy at Home" proposition, we have been amazed ourselves at the number of articles that are manufactured right here in Portsmouth that could and should be handled by Portsmouth merchants and which would thereby add to the general prosperity. For everything made in Portsmouth that is bought in Portsmouth and sold in Portsmouth and used in Portsmouth means that much more work for our people, that much more paid out in wages and that much more money in local circulation.

Now take for instance underwear. Did you know that we were one of the big underwear manufacturers of the country? That we were making these goods here and that they were selling all over the country in competition with other lines? Yet such is the fact. The Mitchell Manufacturing Company is making summer and winter weight men's knit webbed union suits that are of special design and are as good as can be bought anywhere. Why should not Portsmouth men remember this when they come to buy underwear? They might not be suited, and again they might find just what they want. If they did find what they wanted in the home made article, it would help things along locally just that much.

In these matters the cardinal thing to bear in mind is, not that you are to buy at home regardless of whether you are suited or not, but you should give your home people a chance to suit your taste. If they have not just the precise article in stock, they can get it for you and they can, nine times out of ten, get it for you cheaper than you would have to pay elsewhere. If it is not up to standard, your home merchant is right here to back up the goods and to make good. That is not true of out of town merchants or wholesalers.

Just remember that our interests here in Portsmouth are bound together. The more we stand together in everything, the less we let little jealousies and bickerings stand in our way, the faster will Portsmouth grow and the greater and more prosperous city will she become.

ANOTHER IDOL SHATTERED.

Reading in the Piketon Republican of the jubilation that existed in the breast of the Hon. "Sandy" Bateman because of his appointment as tax assessor for Pike county, we are reminded of the last time we had occasion to hold conversation with the distinguished gentleman from Pike. It was on the occasion of the visit of Hon. James M. Cox to Piketon during the campaign last fall and we helped to pass away a portion of the time we were awaiting the arrival of the Governor by listening to some of the latest stories that had been collected by "Sandy." And we remember how between stories "Sandy" would let out a roar or two of wrath about the iniquitous Wurnes law. He thought it was about the meanest, pious, onerous sort of a law that was ever inflicted upon a free people and he insistently declared that Jim Cox ought not to get the vote of a single lover of liberty because of said despicable law. Why "Sandy" was so stout in his denunciation of the law that he even made us believe for a moment that maybe we had been robbed of a few precious rights while we slept.

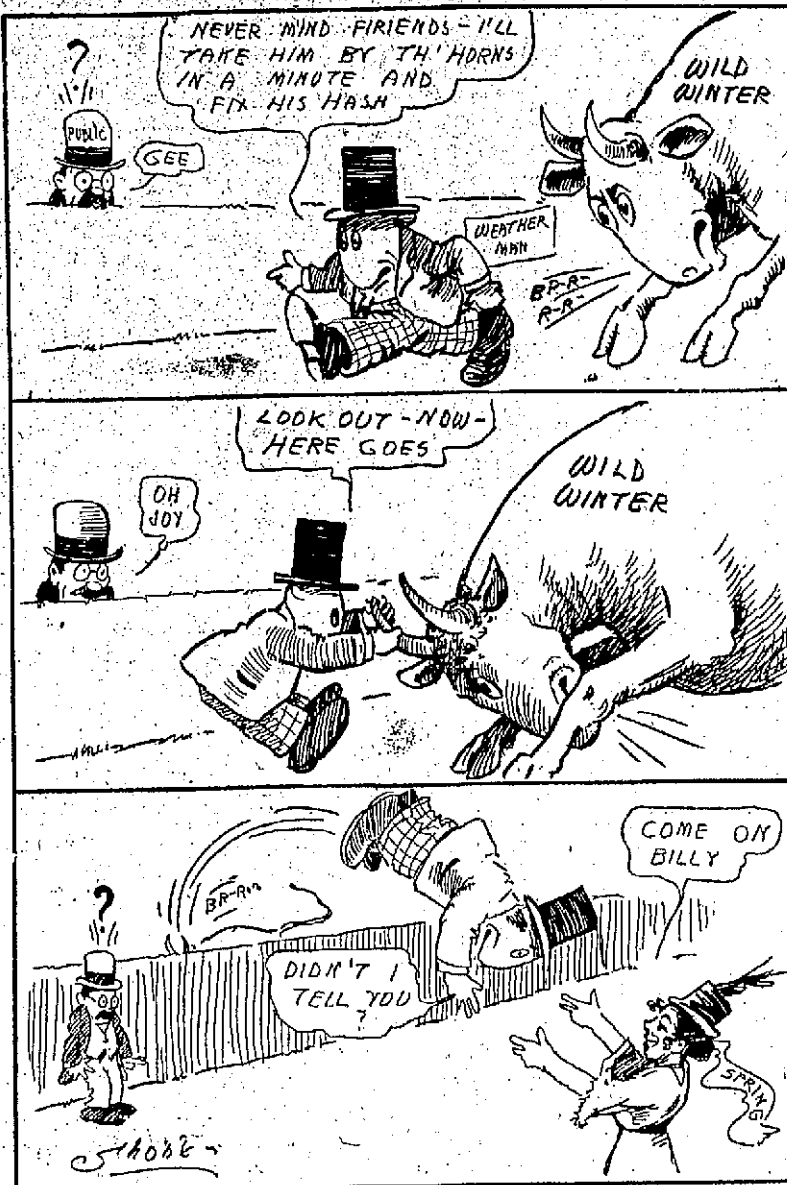

And now to think that the Wurnes law still lives and that "Sandy" is its chief executive and beneficiary in Pike! How times have changed and how dear old "Sandy" must have changed with them. Why, remembering "Sandy's" outbursts last fall we imagined that he would have spurned the office and would have wanted to kick the man who dared suggest his name p. d. q. or even quicker. How our idols are shattered! Every day we find clay feet where we had expected to find 18 carat gold or 16 to 1 silver at the least.

Sandy, Sandy, what has come over the spirit of your dreams?

The Waverly Republican Herald, edited by Mr. Lloyd Gehres, has issued a 32 page booster edition of Waverly and Pike county that is most creditable in every way to the paper and the community. It represents a world of labor and we hope that Pike countians fully appreciate not only the finished product but also the enterprise and energy that made it possible.

We feel sure that if Kaiser Wilhelm ever heard of County Commissioner Dan Egbert's success in blockading Portsmouth he would send a hurry call for him to come over and take charge of the blockade of England.

RIGHT INTO THE ARMS OF SPRING.

FIVE-DOLLAR COMMENCEMENT GOWNS.

(Youngstown Telegram.)
 Girls of the graduating class of the Ashtabula high school have unanimously decided to limit the cost of their commencement gowns to \$5. The girls decided to do this mind you, not the teachers nor the superintendent, and they decided unanimously. Somehow this has the ring of true American young womanhood. It is quite likely most of them could afford gowns which would cost much more, but what's the use? Five dollars' worth of dressing is quite enough when white goods of American manufacture is at its present cost and it is only used to accentuate what is already beautiful and there is nothing on earth more attractive than budding womanhood with sparkling eyes and thoughts for those who cannot afford to go a foolish pace in the matter of dress which at its best is only a setting for the world's fairest jewels.

The only thing that worries us is we fear that if Tibet ever gets drawn into the European conflict, our eminent colleague in the advancement of knowledge in reference to that country, Senator Trempier might feel inclined to try a shot at us on the sly some dark night while we are on picket duty.

Of course we do not know what Chairman Doc Young said to Senator Trempier about that there tax deputyship, but really now we imagine that a man could say a good deal after traveling One Hundred miles on an empty stomach and getting up at three o'clock in the morning.

A friend suggests that instead of alluding to the local Republican gang as the G. O. P. organization we should hereafter call it the G. P. O. G. Got Put Out Gang. Do you get it?

One of the lovely things about having no political ambition yourself is that you can sit in the reserved seat section and enjoy the other fellow's fall downs so very much.

BRAKEMAN KILLED

The Huntington Herald-Dispatch says:
 "While speeding, the Ford touring car which Harvey H. Hendricks, a Corodo, brakeman, was driving at a point one hundred yards west of the Vinson home in Westmoreland, skidded suddenly Saturday night about eight o'clock turned twice on its side, then landed on the front end and bounced a complete somersault, killing the driver instantly and wrecking the machine beyond repair. The accident was believed to be due to the soft road bed, which has just recently been repaired. Hendricks is a well known Norfolk & Western railroad man and has lived in Corodo for the past fifteen years. He was

thirty-five years old."
 Hendricks was employed as a brakeman in the Kenova yards and was well known in local N. & W. circles.

SOME COLUMBUS GOSSIP.

Columbus, O., April 5.—If there was anything else in the mind of Governor Willis other than to make spoils of the taxing system it has not been made apparent. Not only has he removed men who had the experience of a successful operation of the Wurnes law, but he removed men who had been chosen after months of investigation to find the best possible servants; and what is of worse consequence he has filled the vacancies with men chosen over night, without consideration of qualification or examination of character. Luck has been with the governor or with the people in some cases and Republicans have been chosen who are worthy and who will give good account of themselves, but in a majority of cases men have been chosen because they were satisfactory to Peter Durr, the Cincinnati dealer, or those who fought the former governor in his own party. In Franklin county the appointment went to a man who was pleasing because he had attended school at Ada, a thing that the regulars in Colum-

Why They Were Liberal

A pedestrian passing a stand where two boys were selling cold drinks, stopped, placed a nickel on the counter and received two glasses of lemonade. Later in the day he returned to the same stand, placed a nickel on the counter and only received one glass.

THE ENVIOUS ROBIN

One day up in a cherry tree a sulky Robin sat, And tucked his little head beneath his wing. Said he, "I am discouraged, it is no use to try, I'm sure nobody cares to hear me sing."

The reason that he felt that way was that the night before He'd heard a Nightingale up in a tree, And just because the Nightingale had sung so very well, The Robin was as envious as could be.

Said he, "If I can't sing like that, I will not sing at all," And so he sat and sulked all morning long. Then all at once he heard a voice that said to him, "I wish You would be kind enough to sing one song."

It was a little boy who leaned upon a window sill Close to the sulky Robin's cherry tree. Said he, "I'm trying to get well, and I am very sure I'd do it fuster if you sang to me."

The sulky Robin only said, "You don't mean that, I know; The Nightingale sings very much the best." "Oh, no," the little boy replied, "you're such a cheerful bird, I'd rather hear you sing than all the rest."

And so the sulky Robin said, "All right, I'll sing for you," And started in upon his cherry note; Then when he saw how very much it pleased the boy, he sang Until he very nearly split his throat.

When he was through the little boy said, "Thank you, Robin dear." The Robin said, "You're welcome, little man, And after this I never will be envious at all, And I will always sing the very best I can."

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry. Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry. A few cases of rheumatism are caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and excrete it in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts, put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and made from the juice of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water, drink which overcomes uric acid and is beneficial to your kidneys as well.

NEW BOSTON MAN IS KILLED IN WEST VIRGINIA

Supposed To Have Been Train Victim; Body Not Mangled

Early Sunday morning, the lifeless body of Jesse Pollard, 39, son of Mr. and Mrs. John Pollard, of New Boston, was found lying along the C. & O. tracks near St. Albans, W. Va., twelve miles west of Charleston. He had been run down and instantly killed by a C. & O. train, the early west-bound passenger train, it is thought.

News of his tragic death was conveyed to the family through a message to his brother, Curtis, also of New Boston, from Superintendent Allen, of the C. & O., at Huntington, about eleven o'clock Sunday morning. Railroad employees, who discovered the body, found a book in his pocket, in the fly leaf of which was written, "Curtis Pollard, New Boston, O.," which gave them their first clue to the identity of the dead man.

George Pfeiffer, the local undertaker, was notified to make arrangements for the removal of the body to his parents' home. He got into communication with an undertaker at St. Albans, who shipped the remains to Portsmouth Monday morning. The body is expected to arrive here early Monday afternoon.

Early Saturday afternoon young Pollard went to the home of his sister, Mrs. Florence Smith, also of New Boston, and asked her for fifty cents, saying that he wanted to go to fronton. His sister had no change in the house and was forced to deny his request. He then left the house, saying as he went out of the door, "You will hear from me Wednesday" in Huntington. That was the last seen of him alive by any of his family.

Just how the young man reached St. Albans will probably never be known. He either crossed the Ohio river and boarded a C. & O. train, or else went as far as Kenova over

MANY CLAIMS IN FOR 'POOR' WOMAN'S ESTATE

Hearing on the matter of the distribution of the \$5000 in cash found in a trunk in the squalid room of the late Mrs. Mariah Raynor, at Cincinnati, a few weeks ago, will be held before Probate Judge Landers at Cincinnati, Saturday, April 24, according to notices received Sunday by local relatives of the dead woman.

Numerous relatives have suddenly appeared to set up a claim to the former "newsman" woman's money who, until her death, was thought to be in straitened circumstances. Among them are alleged relatives to Mrs. Raynor herself who, it was thought, died without leaving a living relative.

It will require considerable investigation by the court and the administrator to determine who is rightfully entitled to the small fortune.

At the time of the woman's death, Charles V. Raynor, of Sciotoville, a half brother to the husband, was thought to be the nearest of kin, while the claim of Mrs. J. R. Maddocks, a half sister, was also considered good. It later developed that Mrs. Emma Barber McPhaden, the local visiting nurse, is a half-cousin of the deceased husband. She has received a notice from the Hamilton county probate court to appear at the hearing, but she stated in the Times Monday that she did not

The Movies

"Stop Thief" At Lyric Tonight
"Stop Thief," founded on the Coburn and Harris farce of that name will be seen at the Lyric theatre today. Most of the members of the original stage cast which included Mary Ryan, Harry Metcalf, Harold Howard, Albert Tavernier, William Boyd and Marguerite Boyd, are featured in the picture.

"Stop Thief" is a screaming farce and has been filmed in five parts. There is snip and action from title to tail-piece, with a laugh in every foot. It was considered one of the funniest comedies on the American stage and in film has proven itself a genuine laugh-provoker of the merriest kind. It's a story of two self-confessed kleptomaniacs—two real crooks—and a double wedding. You never saw a better balanced cast or a better told funny story in your life. There are five thousand feet of it and it's just a chuckle and a roar all the way through. There will be three afternoon shows at 1:30, 3:00 and 4:30, and three evening shows, at 6:30, 8:00 and 9:30. The admission will be 10 cents.

William Peerless Brown Has Gone To The Country

Temporarily, at least, Portsmouth has lost her first born of 1915, William Peerless Brown, who, it will be recalled, was showered with gifts, donated by the liberal-minded citizens of this fair city, and whose advent into the big round world will be ever remembered by his happy parents, Mr. and Mrs. Sherman Brown, who four weeks ago moved to Dogwood Ridge, where the father is making both ends meet by tilling the soil on the farm of James Heskins.

You bet William Peerless is all right. He's a cute little red-headed chap, full of life as a well-kempt kumoul puppy and is able to de-

your several square meals every day. He has never experienced a moment of sickness and Mrs. Brown writing to her mother, Mrs. William Hudlin, who resides at 2021 Sixth street, says that William Peerless is so strong that it is all she can do to hold him when he takes one of his "trunks."

Since moving to the country, Mr. and Mrs. Brown have not been to Portsmouth, although they are expected here within a few days. Mr. Brown is busy now getting the soil ready for the big crop of corn; he expects to raise. For the father of William Peerless is an industrious young man,

EASTER PARADE IN CITY USUAL GLITTERING EVENT

Portsmouth did its share to make Easter Sunday one of the most joyous days of the year, and, as usual, the day was fittingly observed in the city.

The weather man should come in for his share of praise, for it was an ideal day, possibly a trifle cool for some of the spring-time fiery, but nevertheless Portsmouth staged its annual Easter parade, and it, as usual, was a glittering event in

which the styles decreed by Fashion were shown in all their shimmering beauty.

The story of the Resurrection was impressively retold from the pulpits of Portsmouth, and appropriate music was rendered. The churches made elaborate preparations for the day and some of the best musical talent in the city took part in the beautiful exercises commemorating the Biblical story of the rising of the Christ from the

dead. Easter services were always well attended here and the houses of worship were well filled yesterday. Every avenue leading to the churches reflected the true spirit of Easter Sunday morning.

While Sunday morning dawned bright and cool Old Sol soon came to the rescue of those eager to disport themselves in their new outfits and by noon a delightful spring day was in order. The maximum temperature was 60.

GIVES WIFE A CHANCE

J. C. Jordan, a cook of Huntington, W. Va., came to Portsmouth Sunday morning after his erring wife, Mrs. Laura Chaffins-Jordan, who was caught in a raid on the Biggie house some nights ago. The Huntington police authorities had informed him of her predicament, and although he and wife were separated he decided to give her a chance to make amends.

With the aid of police officers he located her at a High street home, where she had just taken employment as a domestic. She was at first disinclined to return with him, but finally consented. She had told the police various stories of alleged mistreatment at his hands. A young man giving the name of Wilbur Ward, with whom the young woman had been living as man and wife at the above hotel, was taken to Cincinnati Saturday to serve a several months' workhouse sentence.

Abscon-man.
It was at one time the practice to allow the inmates of the Abraham ward of Bethlehem hospital, London, to go about begging for the benefit of the hospital. Certain regulations imposed on the charity inclined by pretending to be actual inmates and were therefore known as Abram-men. Hence the term Abram-man, one who obtains money by shamming sickness.

WEST END TEAMSTER IS VICTIM OF KNIFE ATTACK

William Browning, a West End teamster, was slashed across the left hand, received several slight stab wounds in the back and had his clothes almost cut into ribbons by an unknown man late Saturday night.

Dropping had another teamster, Dave Hanna, arrested as the man who did the cutting, though he admitted it was done in the dark and Hanna was found in bed at that he was unable to see his assailant. Hanna vigorously denied the cutting and claimed he would be able to prove an alibi.

Browning claims he went to the Morrow Flats on Front street shortly after 11 o'clock to see his children, only to find his wife, from whom he recently separated, absent. He decided to take the children to the home of his mother, but the landlord objected, notifying police headquarters. About an hour later, police claim, the landlord notified them again that Browning had returned and reported that raised quite a rumpus with his wife, Mrs. Browning had just gone buggy for which he wanted him arrested, leaving as he did not know whether Browning's children looked up in a room at the end of the complaint, was the Morrow Flats.

He said it was on his second visit to the Morrow Flats that a man sprang upon him in the dark hallway and began slashing him. He was certain it was Hanna, whom he accuses of having broken up his home. Hanna was found in bed at his boarding place near the Interstate Transfer Company's barn. Police officers claim they noticed he was busy engaging something under a bed partner's pillow and were certain it was a gun, for later, when he was searched, 21 loaded cartridges were found in his pockets. He was locked up at the city prison, while Browning was released with orders to appear in court Monday morning.

A man claiming to be a friend of Browning called up headquarters Sunday evening and reported that Browning had returned and that raised quite a rumpus with his wife, Mrs. Browning had just gone buggy for which he wanted him arrested, leaving as he did not know whether Browning's children looked up in a room at the end of the complaint, was the Morrow Flats.

Knights Templar Hold Services

Impressive Easter services were held in the asylum of Calvary Commandery, No. 13, Knights Templar, in the Masonic Temple Sunday afternoon, and were attended by a large number of the Sir Knights, their families, and friends. For years, the special Easter services of Calvary Commandery have been a notable and impressive religious event, and this year was no exception.

Rev. Sir Knight John W. Dunne, pastor of the First Presbyterian church, delivered the sermon, while the devotional exercises, comprising the ritualistic ceremonies of the Knights Templar, were in charge of the prelate of Calvary Commandery Sir Knight John A. Ives. Musical features included a solo by Sir Knight J. Adam Barker, and two selections by the quartet of the First Presbyterian church, composed of Mrs. Roy Lynn, Mrs. Charles Storek, William J. Schwartz, and Harry Boyd.

Each lady attending the services was presented with a carnation, and the floral decorations were afterward sent to the home of the Sir Knights who were detained at home by illness.
